# Safety Instruction Guide for BREECH LOCK PISTOL CARBIDE 4DIE SETS LEE PRECISION .44 SPL/MAG

## Introduction

Thank you for choosing the BREECH LOCK PISTOL CARBIDE 4DIE SETS by Lee Precision. This product is designed for safe and efficient reloading of .44 Special and .44 Magnum cartridges. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always treat all reloading equipment with respect and caution, as improper use can lead to serious injury or damage.
- Ensure that you are familiar with local laws and regulations regarding reloading ammunition.
- Keep all reloading components, including dies and tools, out of reach of children and unauthorized users.
- Use only the appropriate components as specified in the product instructions to avoid malfunctions.
- Regularly inspect your reloading equipment for any signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- The product contains sharp edges and moving parts that can cause injury.
- Improper handling of ammunition components can lead to accidental discharge.
- The reloading process involves the use of powders and primers, which can be hazardous if not handled correctly.

- **Instructions for Avoiding Hazards:**

- Always wear safety glasses when reloading to protect your eyes from debris or accidental discharge.
- Use gloves to protect your hands from sharp edges and chemicals.
- Ensure your workspace is wellventilated when working with powders and primers.
- Do not consume food or beverages in the reloading area to prevent contamination.
- Follow the manufacturer's specifications for all components to ensure safe operation.

## Instructions for Installation and Usage

- **Installation:**

- Ensure your reloading press is securely mounted to a stable surface before installation of the die set.
- Install the Carbide Full Length Sizing Die first, ensuring it is tightened properly to prevent movement during use.
- Follow by installing the Bullet Seating Die, Powder Thru Expanding Die, and Factory Crimp Die in the recommended order.

- **Usage:**

- Always doublecheck that the die is adjusted correctly before starting the reloading process.
- Use the Universal Shell Holder to securely hold the cartridge case during resizing and bullet

- seating.
- Measure powder charges accurately using the provided Powder Dipper, and always doublecheck measurements.
- After reloading, visually inspect each cartridge to ensure proper assembly and safety.
- Store all reloaded ammunition in a cool, dry place away from direct sunlight and heat sources.

## **Disposal Instructions**

- Dispose of any unused or expired reloading components according to local regulations.
- Do not throw away hazardous materials, such as primers and powders, in regular trash.
- Check with local authorities for proper disposal methods for hazardous waste in your area.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of this product, please consult the manufacturer's website or customer service for assistance. Always refer to the product manual for detailed instructions and safety information.

Thank you for prioritizing safety in your reloading practices. Enjoy your reloading experience with the BREECH LOCK PISTOL CARBIDE 4DIE SETS by Lee Precision.
