

# SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .225"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

## Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .225"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109852
- Mfr. No.: SAC-225NB
- Diameter (in): .225
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

# SAC NECK SIZING BUSHINGS SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this guide carefully before using the bushings to understand the necessary precautions and procedures.

## General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always inspect the bushings for any signs of damage before use.
- Keep the bushings out of reach of children and vulnerable individuals.
- Use the bushings only with compatible neck sizing dies as specified by the manufacturer.
- Do not modify the bushings in any way, as this may compromise their safety and effectiveness.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Wear appropriate safety gear, including safety glasses, when operating resizing dies with the neck sizing bushings.
- Ensure that your workspace is clean and free from any obstructions that could cause accidents.
- Do not exceed the recommended specifications for the bushings, including diameter and height.
- Use the bushings only for their intended purpose; do not use them for other applications.
- Handle the bushings with care to avoid injury from sharp edges or points.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials, including the neck sizing die compatible with the SAC Neck Sizing Bushings.
- Ensure your work area is welllit and organized.

### 2. Installation:

- Remove the neck sizing die from your reloading press.
- Insert the SAC Neck Sizing Bushing into the die, ensuring it fits snugly.
- Reattach the neck sizing die to the reloading press, following the manufacturer's instructions.

### 3. Usage:

- Adjust the reloading press according to the specifications for the neck sizing die.
- Carefully insert the cartridge brass into the die with the installed bushing.
- Operate the press to resize the neck of the cartridge brass, ensuring a smooth and controlled motion.
- After resizing, remove the cartridge brass and inspect it for proper sizing and any signs of damage.

### 4. PostUsage:

- Clean the bushings after use to remove any debris or residue.
- Store the bushings in a safe and dry location, away from children and pets.

## **Disposal Instructions**

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not dispose of the bushings in regular household waste.
- If you are unsure about disposal methods, contact your local waste management authority for guidance.

## **Contact Information for Further Support**

For any questions or concerns regarding the SAC Neck Sizing Bushings, please refer to the manufacturer's website or contact their customer support for assistance.

By following this safety instruction guide, you can ensure a safe and effective experience with your SAC Neck Sizing Bushings. Thank you for your attention to these important safety measures.
