

# SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .231"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

## Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .231"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109858
- Mfr. No.: SAC-231NB
- Diameter (in): .231
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

# SAC Neck Sizing Bushings Safety Instructions

## Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides essential safety instructions and usage guidelines to ensure the safe and effective use of the product. Please read this document carefully before using the neck sizing bushings.

## General Safety Guidelines

- Ensure safe use of the product by following all instructions provided.
- Keep the bushings out of reach of children and vulnerable individuals.
- Inspect the bushings for any visible damage before use. Do not use damaged bushings.
- Use the bushings only for their intended purpose as specified in the product description.
- Always wear appropriate safety gear, including eye protection, when using resizing equipment.

## Specific Safety Precautions for Use

- Use the SAC Neck Sizing Bushings only with compatible resizing dies as specified.
- Avoid excessive force when using the bushings to prevent damage to both the bushings and the resizing die.
- Do not modify the bushings in any way, as this can lead to unsafe conditions.
- Ensure that the resizing die is securely attached to the reloading press before use.
- Handle the bushings with care to avoid injury from sharp edges or points.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and equipment, including the resizing die, reloading press, and the SAC Neck Sizing Bushings.
- Ensure your workspace is clean and free from obstructions.

### 2. Installation:

- Remove the resizing die from the reloading press.
- Insert the SAC Neck Sizing Bushing into the resizing die, ensuring it fits securely.
- Reattach the resizing die to the reloading press, ensuring it is tightened according to the manufacturer's specifications.

### 3. Usage:

- Place the cartridge brass into the resizing die.
- Slowly and steadily operate the reloading press to size the neck of the cartridge.
- After resizing, inspect the brass for proper sizing and neck runout.
- Repeat the process as necessary, ensuring to monitor the condition of both the bushings and the brass.

### 4. PostUse Care:

- Clean the bushings after each use to remove any brass residue.
- Store the bushings in a safe, dry place away from direct sunlight and moisture.

## **Disposal Instructions**

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not dispose of the bushings in regular household waste. Instead, consider recycling options for metal materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and use of the SAC Neck Sizing Bushings, please refer to the product packaging or visit the manufacturer's website for further support.

By following these safety instructions, you can ensure a safe and effective experience with your SAC Neck Sizing Bushings. Always prioritize safety and compliance with the EU General Product Safety Regulation (GPSR) while using this product.
