

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .232"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .232"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109859
- Mfr. No.: SAC-232NB
- Diameter (in): .232
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

Safety Instruction Guide for SAC Neck Sizing Bushings

Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides essential safety instructions and usage information to ensure a safe and effective experience with your product. Please read this guide carefully before using the neck sizing bushings.

General Safety Guidelines

- Ensure that the neck sizing bushings are used only with compatible resizing dies.
- Always inspect the bushings for any damage or defects before use.
- Keep the bushings out of reach of children and vulnerable individuals.
- Use the bushings only for their intended purpose as described in this guide.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Compatibility:** Confirm that the bushings are compatible with your resizing die brand (e.g., RCBS, Whidden, Harrells, Redding, Hornady, LE Wilson).
- **Inspection:** Before each use, check the bushings for any signs of wear, damage, or corrosion.
- **Handling:** Handle the bushings with care to avoid injury. The edges may be sharp.
- **Work Environment:** Ensure that you are working in a clean, dry, and welllit area to avoid accidents.
- **Personal Protective Equipment (PPE):** It is recommended to wear safety glasses and gloves while handling and using the bushings.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials for resizing your cartridges.
- Ensure that your resizing die is clean and free of debris.

2. Installation:

- Remove the resizing die from your reloading press.
- Insert the SAC Neck Sizing Bushing into the resizing die according to the manufacturer's instructions.
- Secure the die back into the reloading press, ensuring that it is tightly fitted.

3. Usage:

- Place the cartridge brass into the resizing die.
- Operate the reloading press according to the manufacturer's instructions, applying steady pressure.
- After resizing, remove the brass from the die and inspect it for proper sizing.

4. PostUse Care:

- Clean the bushings after each use to prevent buildup of residue.
- Store the bushings in a safe place, away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of any damaged or unusable bushings in accordance with local regulations.
- Do not dispose of the bushings in regular household waste if they are made of metal; check for recycling options in your area.

Contact Information for Further Support

For any inquiries or additional support regarding the SAC Neck Sizing Bushings, please refer to the manufacturer's contact information provided with your product packaging.

By following these safety instructions, you can ensure a safe and effective experience with your SAC Neck Sizing Bushings. Thank you for your attention to safety!
