

# **SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .238"**

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

## **Attributes**

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .238"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109860
- Mfr. No.: SAC-238NB
- Diameter (in): .238
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

# SAC Neck Sizing Bushings Safety Instruction Guide

## Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. These bushings are designed to enhance the precision of your reloading process. To ensure safe and effective use, please read this safety instruction guide carefully. It contains important information regarding product safety, usage, and disposal.

## General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for damage before each use. Do not use if any part is damaged.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the neck sizing bushing is compatible with your resizing die before use.
- Wear appropriate protective gear, such as safety glasses, when using the product.
- Avoid using excessive force during resizing to prevent damage to the bushing and die.
- Never modify the bushing or resizing die as this may lead to unsafe conditions.
- Store the bushings in a dry and safe location to prevent corrosion or damage.

## Instructions for Installation and Usage

### 1. Compatibility Check

- Confirm that the bushing size (.238") is suitable for your resizing die brand (e.g., RCBS, Whidden, Harrells, Redding, Hornady, LE Wilson).

### 2. Installation

- Remove the resizing die from your reloading press.
- Carefully insert the SAC neck sizing bushing into the die.
- Ensure that the bushing is seated correctly and securely.

### 3. Resizing Process

- Place the cartridge brass into the die.
- Operate the reloading press smoothly to resize the brass.
- Avoid excessive force; if resistance is felt, stop and check for issues.

### 4. PostUse Care

- Remove the bushing from the die after use.
- Clean the bushing with a soft cloth to remove any debris or residue.
- Inspect the bushing for wear or damage before storing.

## Disposal Instructions

- Dispose of the product in accordance with local regulations regarding metal waste.
- Do not dispose of the product in regular household waste.
- If the product is damaged, follow local guidelines for hazardous waste disposal.

## Contact Information for Further Support

For any inquiries regarding safety, usage, or product issues, please refer to the manufacturer's contact details provided with the product packaging. It is important to have this information readily available for any safety concerns.

Thank you for ensuring the safe use of SAC Neck Sizing Bushings. Your attention to these guidelines helps maintain a safe and effective reloading environment.
