

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .240"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .240"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109862

Safety Instruction Guide for SAC Neck Sizing Bushings

Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. These bushings are designed to enhance your reloading experience by reducing neck runout and increasing cartridge concentricity. This guide provides essential safety instructions to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the SAC Neck Sizing Bushings are used only with compatible neck sizing dies.
- Always inspect the bushings for any visible damage before use. Do not use if damaged.
- Keep the bushings out of reach of children and vulnerable individuals.
- Follow all manufacturer instructions for use and maintenance.
- Report any unsafe conditions or incidents involving the product to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as safety glasses, when working with reloading equipment.
- Avoid using excessive force when inserting or removing the bushings from the resizing die to prevent damage.
- Ensure that the resizing die is securely attached to the reloading press before use.
- Do not exceed the recommended specifications for the bushing size and cartridge type.
- Be aware of potential hazards associated with reloading, including the handling of primers and powder.

Instructions for Installation and Usage

1. Preparation

- Ensure that your workspace is clean and free of obstructions.
- Gather all necessary tools and equipment required for reloading.

2. Installing the Bushing

- Remove the resizing die from the reloading press.
- Carefully insert the SAC Neck Sizing Bushing into the resizing die, ensuring it is seated properly.
- Reattach the resizing die to the reloading press, making sure it is secure.

3. Using the Bushing

- Adjust the resizing die as per the manufacturer's instructions for the specific cartridge you are reloading.
- Place the cartridge brass into the press and engage the resizing mechanism.
- Monitor the process to ensure that the bushing is functioning correctly and that there is no excessive runout.

4. PostUse Care

- After use, remove the bushing from the resizing die and clean it to remove any residue.
- Store the bushings in a safe place, away from moisture and contaminants.

Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not dispose of the bushings in regular household waste. Check for recycling programs that accept metal components.

Contact Information for Further Support

For any inquiries regarding the SAC Neck Sizing Bushings, please refer to the manufacturer's contact information provided with your product. It is crucial to reach out for any safety concerns or questions related to the usage of this product.

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience with your SAC Neck Sizing Bushings. Thank you for your attention to safety and for choosing Short Action Customs, LLC.
