

# **SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .241"**

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

## **Attributes**

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .241"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109863
- Mfr. No.: SAC-241NB
- Diameter (in): .241
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

# Safety Instruction Guide for SAC Neck Sizing Bushings

## Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides important safety information and instructions for the proper use of our neck sizing bushings. Please read this guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always inspect the bushing for any signs of damage or wear before use. Do not use damaged bushings.
- Keep the bushings out of reach of children and vulnerable individuals.
- Use the product in a wellventilated area to avoid inhalation of any dust or particles generated during use.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling and using the bushings.
- Do not modify the bushings or use them for purposes other than intended.

## Specific Safety Precautions for Use

- Before using the neck sizing bushings, ensure that they are compatible with your resizing die.
- When inserting the bushing into the die, do so gently to avoid damaging both the bushing and the die.
- Avoid excessive force when resizing brass to prevent deformation or damage to the bushing.
- Regularly clean the bushings to maintain their performance and prevent contamination.
- Store the bushings in a dry place, away from extreme temperatures and humidity.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and materials, including the neck sizing die, brass cases, and the SAC neck sizing bushing.
- Ensure that your work area is clean and organized.

### 2. Installation of the Bushing

- Remove the resizing die from the press.
- Carefully insert the SAC neck sizing bushing into the die, ensuring it fits snugly.
- Reinstall the die into the press, following the manufacturer's instructions for your specific press model.

### 3. Resizing Process

- Place a brass case into the die.
- Slowly apply pressure to resize the neck of the brass case.
- Monitor the process to ensure that the bushing is functioning correctly and that there is no excessive runout.

### 4. PostUsage Care

- After completing the resizing process, remove the bushing from the die.
- Clean the bushing with a soft cloth to remove any debris or residue.

- Store the bushing in its designated storage case to prevent damage.

## **Disposal Instructions**

- Dispose of any damaged or worn bushings according to local regulations for metal recycling.
- Do not dispose of the bushings in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the SAC Neck Sizing Bushings, please refer to the manufacturer's website or customer support resources.

Thank you for your attention to these safety instructions. Enjoy using your SAC Neck Sizing Bushings safely and effectively!
