

# SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .243"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

## Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .243"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109865
- Mfr. No.: SAC-243NB
- Diameter (in): .243
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

# Safety Instruction Guide for SAC Neck Sizing Bushings

## Introduction

Thank you for choosing the SAC Neck Sizing Bushings. This guide provides important safety instructions to ensure the safe and effective use of your product. Please read this guide carefully before using the bushings.

## General Safety Guidelines

- Ensure safe use of the SAC Neck Sizing Bushings by following the instructions outlined in this guide.
- Be aware of potential hazards associated with improper use of neck sizing bushings.
- Always store the bushings in a safe place away from children and vulnerable individuals.
- If you encounter any issues or have safety concerns, report them to the appropriate authorities.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as safety glasses, when using the bushings.
- Do not use the bushings with damaged or worn resizing dies.
- Ensure that the bushings are compatible with your resizing die before use.
- Handle the bushings with care to avoid injury from sharp edges.
- Keep the work area clean and free from clutter to prevent accidents.
- Avoid using excessive force when resizing to prevent damage to the bushings and dies.

## Instructions for Installation and Usage

### 1. Compatibility Check:

- Verify that the SAC Neck Sizing Bushing is compatible with your resizing die brands (e.g., RCBS, Whidden, Harrells, Redding, Hornady, LE Wilson).

### 2. Installation:

- Ensure that the resizing die is securely mounted in your reloading press.
- Insert the SAC Neck Sizing Bushing into the resizing die, ensuring it is seated properly.
- Tighten the die according to the manufacturer's instructions.

### 3. Usage:

- Prepare your cartridge brass by cleaning and inspecting for defects.
- Insert the brass case into the resizing die with the installed bushing.
- Operate the reloading press to resize the neck of the brass case.
- Check the neck runout of the resized brass to ensure it meets your specifications.

### 4. PostUsage Care:

- After use, clean the bushings to remove any brass residue.
- Store the bushings in a protective case to prevent damage.

## Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not throw bushings in regular household waste. Instead, check for recycling options for metal products.

in your area.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the SAC Neck Sizing Bushings, please contact the manufacturer or your local distributor for assistance.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective reloading experience with your SAC Neck Sizing Bushings.
