

# **SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .244"**

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

## **Attributes**

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .244"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109866
- Mfr. No.: SAC-244NB
- Diameter (in): .244
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

# Safety Instruction Guide for SAC Neck Sizing Bushings

## Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides essential safety instructions to ensure the safe use and handling of the product. Please read this guide carefully before using the neck sizing bushings to avoid potential hazards and ensure optimal performance.

## General Safety Guidelines

- Always use the neck sizing bushings in accordance with the manufacturer's instructions.
- Ensure that the bushings are compatible with your resizing die before use.
- Inspect the bushings for any visible damage or defects before installation.
- Store the bushings in a dry and secure location, away from children and pets.
- Do not modify or alter the bushings in any way, as this may compromise their safety and effectiveness.
- Be aware of the potential hazards associated with using resizing dies and brass cartridges, including sharp edges and metal fragments.

## Specific Safety Precautions for Use

- Handle the bushings with care to avoid injury from sharp edges.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling and using the bushings.
- Avoid using excessive force when installing or removing the bushings from the resizing die.
- Ensure that the resizing die is securely mounted before using the bushings.
- Do not exceed the manufacturer's recommended specifications for neck sizing.

## Instructions for Installation and Usage

### 1. Compatibility Check

- Verify that the SAC Neck Sizing Bushing is compatible with your resizing die brand (e.g., RCBS, Whidden, Harrells, Redding, Hornady, LE Wilson).

### 2. Installation

- Remove the resizing die from your reloading press.
- Carefully insert the neck sizing bushing into the die, ensuring it is seated properly.
- Reattach the resizing die to the press, ensuring it is securely tightened.

### 3. Usage

- Prepare your brass cartridges by cleaning and inspecting them for any damage.
- Insert the brass cartridge into the resizing die with the installed neck sizing bushing.
- Apply a smooth, even pressure to resize the neck of the cartridge.
- Remove the resized cartridge and inspect it for proper sizing and any signs of damage.

### 4. PostUse Inspection

- After use, inspect the neck sizing bushing for wear or damage.
- Clean the bushings according to the manufacturer's recommendations to maintain their performance.

## Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not dispose of the bushings in regular household waste if they are made from stainless steel.
- Check with local recycling centers for proper disposal methods for metal products.

## Contact Information for Further Support

For any inquiries related to safety, compatibility, or performance of the SAC Neck Sizing Bushings, please refer to the manufacturer's contact details provided on the packaging or visit the official website of Short Action Customs, LLC.

By following these safety instructions, you can ensure a safe and effective experience while using the SAC Neck Sizing Bushings. Thank you for your attention to safety and for choosing our product.
