

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .245"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .245"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109867
- Mfr. No.: SAC-245NB
- Diameter (in): .245
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

Safety Instruction Guide for SAC NECK SIZING BUSHINGS

Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides essential safety information, usage instructions, and disposal guidelines to ensure safe and effective use of your product. Please read this guide carefully before using the neck sizing bushings.

General Safety Guidelines

- **Product Safety:** Ensure safe usage of the neck sizing bushings as per the guidelines provided. Always check for any visible damage before use.
- **Enhanced Recalls:** In the event of a product recall, you will be informed through standardized notices. Please keep an eye on recall updates.
- **Online Shopping:** If you purchased this product online, ensure that the platform adheres to safety requirements similar to physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors.
- **EU Contact Point:** For any safety inquiries, refer to the designated EU contact point provided by the retailer or manufacturer.
- **Rapid Alerts:** Stay updated on product safety through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Personal Safety:** Always wear appropriate safety gear, including eye protection, when using the neck sizing bushings.
- **Compatibility Check:** Ensure that the neck sizing bushings are compatible with your resizing die before use.
- **Inspection:** Regularly inspect the bushings for wear and damage. Do not use damaged bushings.
- **Proper Handling:** Handle the bushings with care to avoid injury from sharp edges.
- **Avoid Excessive Force:** Do not apply excessive force when resizing brass, as this may lead to equipment failure or personal injury.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your workspace is clean and free from any obstructions.
- Gather all necessary tools and safety equipment.

2. Installation:

- Select the correct size bushing for your die. The SAC Neck Sizing Bushing .245" is designed for specific resizing dies.
- Insert the bushing into the resizing die according to the manufacturer's instructions.
- Ensure that the bushing is securely in place before proceeding.

3. Usage:

- Place the cartridge brass into the resizing die.
- Operate the resizing die according to the instructions provided with your die set.
- Monitor the resizing process to ensure that it is functioning smoothly without excessive force.

4. PostUse Care:

- Clean the bushings after use to remove any brass residue.
- Store the bushings in a safe and dry location away from moisture and direct sunlight.

Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations regarding metal products.
- Do not dispose of bushings in regular household waste. Instead, consider recycling options where available.

Contact Information for Further Support

For any inquiries regarding safety or product usage, please refer to the contact information provided by your retailer or manufacturer. Ensure that you have the product details at hand for efficient assistance.

Thank you for prioritizing safety and for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. Your adherence to these guidelines helps ensure a safe and effective reloading experience.
