

# **SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .247"**

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

## **Attributes**

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .247"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109869
- Mfr. No.: SAC-247NB
- Diameter (in): .247
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

# SAC Neck Sizing Bushings Safety Instructions

## Introduction

Thank you for choosing SAC Neck Sizing Bushings from Short Action Customs, LLC. These bushings are designed to enhance your reloading process by minimizing neck runout and improving cartridge concentricity. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Ensure safe use of the product by following all instructions provided.
- Be aware of potential hazards associated with the use of neck sizing bushings, including:
  - Improper installation leading to equipment malfunction.
  - The risk of injury if the product is not used correctly.
- Always inspect the product for damage before use.
- Use only with compatible resizing dies to prevent accidents or equipment failure.
- Keep the bushings out of reach of children and vulnerable individuals.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses, when using reloading equipment.
- Handle the bushings with care to avoid scratches or damage that could affect performance.
- Do not exceed the manufacturer's recommended specifications for use.
- Ensure that the neck sizing bushing is securely installed in the resizing die before use.
- Avoid using the bushings if they show signs of wear or damage.
- Store the bushings in a safe, dry place when not in use to prevent rust and damage.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and equipment, including the resizing die and neck sizing bushings.
- Ensure your workspace is clean and free of obstructions.

### 2. Installation:

- Remove the resizing die from your reloading press.
- Insert the SAC neck sizing bushing into the die, ensuring it is seated properly.
- Reattach the resizing die to the reloading press securely.

### 3. Usage:

- Follow the manufacturer's instructions for operating your reloading press.
- Insert the cartridge brass into the resizing die with the installed neck sizing bushing.
- Operate the press according to standard procedures, applying consistent pressure.
- Inspect the resized brass for proper fit and finish.

### 4. PostUsage:

- Clean the neck sizing bushing after each use to remove any debris or residue.
- Store the bushings in their original packaging or a protective case to prevent damage.

## Disposal Instructions

- Dispose of any damaged or wornout neck sizing bushings in accordance with local regulations.
- Recycle materials where possible, following local recycling guidelines.

## Contact Information for Further Support

For any inquiries regarding product safety or performance, please reach out to the designated contact point provided with your purchase. Always ensure that you have the latest information and updates regarding product safety.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective reloading experience with your SAC Neck Sizing Bushings.
