

# **SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .249"**

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

## **Attributes**

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .249"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109871
- Mfr. No.: SAC-249NB
- Diameter (in): .249
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

# Safety Instruction Guide for SAC Neck Sizing Bushings

## Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read through this document carefully before using the neck sizing bushings.

## General Safety Guidelines

- Ensure you are familiar with the operation of reloading equipment before using the neck sizing bushings.
- Always use the bushings in accordance with the manufacturer's instructions to avoid accidents.
- Keep the bushings out of reach of children and pets to prevent accidental injury.
- Regularly inspect the bushings for wear and damage. Do not use if any defects are present.
- Be aware of the potential hazards associated with the reloading process, including the handling of cartridge brass and other materials.

## Specific Safety Precautions for Use

- Use only compatible resizing dies with the SAC Neck Sizing Bushings to ensure proper function.
- Avoid excessive force during resizing to prevent damage to the bushings and associated equipment.
- Wear appropriate personal protective equipment (PPE) such as safety glasses when using reloading equipment.
- Keep your workspace clean and organized to minimize the risk of accidents.
- If you experience any issues during use, cease operation immediately and consult the troubleshooting section of your reloading equipment manual.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials, including your resizing die, reloading press, and the SAC Neck Sizing Bushings.
- Ensure your work area is welllit and free of clutter.

### 2. Installation:

- Remove the resizing die from the reloading press.
- Insert the SAC Neck Sizing Bushing into the resizing die according to the manufacturer's instructions.
- Secure the resizing die back into the reloading press, ensuring it is tightened properly.

### 3. Usage:

- Place the cartridge brass into the reloading press.
- Operate the press according to the instructions provided with your equipment, applying steady pressure to resize the brass.
- Check the resized brass for consistency and proper fit before proceeding with further reloading steps.

### 4. PostUse Care:

- Clean the bushings after use to prevent buildup of residue and ensure longevity.
- Store the bushings in a safe, dry place, away from moisture and extreme temperatures.

## **Disposal Instructions**

- Dispose of any damaged or worn bushings in accordance with local regulations for metal waste.
- Do not dispose of bushings in regular household waste. Check for recycling options in your area.

## **Contact Information for Further Support**

For any questions or concerns regarding the SAC Neck Sizing Bushings, please refer to the manufacturer's website or customer service resources for assistance.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective reloading experience with your SAC Neck Sizing Bushings. Always prioritize safety and consult the appropriate resources if you have any doubts or questions. Happy reloading!
