

# SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .253"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

## Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .253"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109875
- Mfr. No.: SAC-253NB
- Diameter (in): .253
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

# Safety Instruction Guide for SAC Neck Sizing Bushings

## Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides essential safety instructions and guidelines to ensure the safe use of your neck sizing bushings. Please read this document carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in the product description.
- Always inspect the neck sizing bushings for any signs of damage or wear before use.
- Keep the product out of reach of children and vulnerable individuals.
- Follow all local regulations regarding the use and disposal of metal products.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use only with compatible neck sizing dies as specified by the manufacturer.
- Avoid excessive force when using the bushings to prevent damage to the die or the bushing itself.
- Do not attempt to modify or alter the bushings in any way.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling the bushings.
- Ensure that your workspace is clean and free from hazards that could cause accidents.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials, including the neck sizing die, the SAC neck sizing bushing, and any required PPE.
- Ensure that your workspace is welllit and organized.

### 2. Installation:

- Open the neck sizing die according to the manufacturer's instructions.
- Carefully insert the SAC neck sizing bushing into the die, ensuring it is seated properly.
- Tighten the die according to the manufacturer's specifications to secure the bushing in place.

### 3. Usage:

- Prepare your cartridge brass for resizing as per standard reloading practices.
- Insert the brass into the die and apply consistent pressure to resize the neck.
- Monitor the process to ensure that the bushing is functioning correctly and that there is no excessive runout.
- Once resizing is complete, remove the brass and inspect it for proper sizing.

### 4. PostUse:

- Clean the neck sizing bushings after each use to prevent corrosion and maintain performance.
- Store the bushings in a safe, dry location away from direct sunlight and moisture.

## **Disposal Instructions**

- Dispose of any damaged or worn neck sizing bushings in accordance with local waste disposal regulations.
- Do not throw the bushings in regular household waste. Instead, check for local recycling programs that accept metal products.

## **Contact Information for Further Support**

For any inquiries regarding the safety and use of the SAC Neck Sizing Bushings, please refer to the manufacturer's contact information provided on the packaging or product documentation.

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your SAC Neck Sizing Bushings. Thank you for your attention to these important safety measures.
