

# **SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .254"**

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

## **Attributes**

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .254"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109876
- Mfr. No.: SAC-254NB
- Diameter (in): .254
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

# Safety Instruction Guide for SAC Neck Sizing Bushings

## Introduction

Thank you for choosing the SAC Neck Sizing Bushings. This product is designed to enhance your reloading experience by providing precise neck sizing for your cartridges. While using this product, it is important to follow safety guidelines to ensure safe and effective operation. This guide outlines essential safety information, installation instructions, and disposal recommendations.

## General Safety Guidelines

- Ensure you are familiar with the operation of neck sizing dies and reloading equipment before using this product.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling reloading materials and equipment.
- Keep the work area clean and organized to minimize the risk of accidents.
- Store the bushings in a safe place, out of reach of children and pets.
- Regularly inspect the bushings for wear or damage before each use. Do not use damaged bushings.
- Follow all local regulations and guidelines regarding the handling and disposal of reloading materials.

## Specific Safety Precautions for Use

- **Compatibility:** Ensure that the SAC Neck Sizing Bushings are compatible with your resizing die brands, including RCBS, Whidden, Harrells, Redding, Hornady, and LE Wilson.
- **Neck Runout:** Be aware that improper use may lead to increased neck runout. Follow the installation instructions carefully to minimize this risk.
- **Material Handling:** The bushings are made from 174 stainless steel and are processed with black nitriding. Avoid contact with harsh chemicals that may damage the finish.
- **Temperature Caution:** The bushings may become hot during use. Allow them to cool before handling to prevent burns.
- **Vulnerable Groups:** Keep this product out of reach of children and individuals who may not understand the risks associated with reloading.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials before beginning.
- Ensure that your workspace is clean and welllit.

### 2. Installation:

- Carefully remove the SAC Neck Sizing Bushing from its packaging.
- Insert the bushing into the resizing die according to the manufacturer's instructions.
- Ensure that the bushing is securely in place before proceeding.

### 3. Usage:

- Follow the reloading procedure as outlined in your resizing die manual.
- Monitor the neck runout during the sizing process to ensure optimal performance.
- If you notice any issues, stop using the bushing and inspect for damage.

#### 4. PostUse Care:

- After use, clean the bushing to remove any residue.
- Store the bushing in a protective case or container to prevent damage.

## Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations for metal recycling.
- Do not dispose of bushings in regular household waste.
- Ensure that any reloading materials or components are disposed of safely and responsibly.

## Contact Information for Further Support

For any safety inquiries or further information regarding the SAC Neck Sizing Bushings, please refer to the manufacturer's website or customer service resources. It is important to stay informed about product recalls and safety notices.

By following these guidelines, you can ensure a safe and effective experience with your SAC Neck Sizing Bushings. Always prioritize safety and stay informed about best practices in reloading.
