

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .255"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .255"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109877
- Mfr. No.: SAC-255NB
- Diameter (in): .255
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

SAC Neck Sizing Bushings Safety Instruction Guide

Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides essential safety instructions to ensure the safe use of the product. Please read this document carefully before using the neck sizing bushings.

General Safety Guidelines

- **Product Safety:** Ensure that the neck sizing bushings are used only for their intended purpose as outlined in this guide.
- **Enhanced Recalls:** Stay informed about any product recalls. Check the EU's Safety Gate platform for updates.
- **Online Shopping:** When purchasing online, ensure that the seller complies with safety standards.
- **Special Consumer Focus:** Keep this product out of reach of children. It is not designed for use by individuals under the age of 18.
- **EU Contact Point:** For safety inquiries, please refer to your local EU-based contact point.
- **Rapid Alerts:** Be aware of any rapid alerts regarding the safety of this product through the Safety Gate system.

Specific Safety Precautions for Use

- Before using the neck sizing bushings, inspect them for any visible damage. Do not use if damaged.
- Always wear safety glasses when using resizing equipment to protect your eyes from potential debris.
- Ensure that the resizing die is securely mounted and that the neck sizing bushing is properly fitted.
- Avoid overtightening the resizing die, as this may lead to equipment failure or personal injury.
- Do not exceed the recommended sizing capacity of the bushings to avoid equipment damage and ensure safety.
- Keep hands and loose clothing away from moving parts during operation.
- Use the neck sizing bushings only with compatible resizing dies as specified by the manufacturer.

Instructions for Installation and Usage

1. Installation:

- Ensure the resizing die is clean and free of debris.
- Insert the SAC neck sizing bushing into the resizing die, ensuring it is seated correctly.
- Tighten the die securely to prevent movement during use.

2. Usage:

- Prepare the cartridge brass by cleaning and inspecting for defects.
- Place the cartridge brass into the resizing die with the neck positioned correctly.
- Operate the resizing die according to the manufacturer's instructions.
- After resizing, remove the cartridge brass and inspect for proper sizing.

3. PostUsage Care:

- Clean the neck sizing bushings after each use to prevent buildup of debris.
- Store the bushings in a dry place to avoid corrosion.

Disposal Instructions

- Dispose of any damaged bushings in accordance with local regulations.
- Do not dispose of the product in household waste.
- Check with local waste management services for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the SAC Neck Sizing Bushings, please refer to your local authorized dealer or the manufacturer's website for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your SAC Neck Sizing Bushings. Thank you for your attention to these important safety guidelines.
