

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .257"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .257"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109879

Safety Instructions for SAC Neck Sizing Bushings

Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. These bushings are designed to improve the neck sizing process for cartridge brass, enhancing accuracy and consistency. This guide provides essential safety instructions to ensure safe and effective use of the product.

General Safety Guidelines

- Always read and understand the product instructions before use.
- Ensure that the workspace is clean and free from obstructions.
- Use appropriate personal protective equipment (PPE), including safety glasses and gloves, when handling reloading components.
- Keep the product out of reach of children and unauthorized individuals.
- Regularly inspect the bushings for wear or damage before each use.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Avoid Overloading:** Do not exceed the recommended specifications for your resizing die and bushing.
- **Check Compatibility:** Ensure that the bushing is compatible with your resizing die brand to prevent malfunctions.
- **Handle with Care:** The bushings are made of stainless steel, which, while durable, can be damaged if dropped or mishandled.
- **Proper Storage:** Store the bushings in a dry place and avoid exposure to moisture to prevent rusting.
- **Avoid Direct Contact with Skin:** The bushings may become hot during use; allow them to cool before handling.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including your resizing die, bushings, and cartridge brass.
- Ensure that the reloading press is properly set up and secure.

2. Installation:

- Remove the resizing die from the press.
- Insert the SAC Neck Sizing Bushing into the resizing die according to the manufacturer's instructions.
- Tighten the die securely to ensure that the bushing is held in place.

3. Usage:

- Place the cartridge brass into the shell holder of the reloading press.
- Lower the ram to engage the bushing with the brass neck.
- Apply steady pressure to resize the neck; do not force the operation.
- After resizing, inspect the brass for proper sizing and any signs of damage.

4. PostUse Care:

- Clean the bushings after use to remove any debris or residue.
- Store the bushings in their original packaging or a suitable container.

Disposal Instructions

- Dispose of any damaged or worn bushings according to local regulations.
- Do not dispose of the bushings in regular household waste.
- Check with local recycling centers for proper disposal methods for metal components.

Contact Information for Further Support

For any safety inquiries or additional support regarding the SAC Neck Sizing Bushings, please reach out to your local distributor or authorized dealer. They can provide assistance and guidance as needed.

By following these safety instructions, you can ensure a safe and effective experience with the SAC Neck Sizing Bushings. Thank you for prioritizing safety in your reloading practices.
