

# **SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .260"**

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

## **Attributes**

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .260"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109882
- Mfr. No.: SAC-260NB
- Diameter (in): .260
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

# Safety Instruction Guide for SAC Neck Sizing Bushings

## Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides important safety information and instructions for the safe use of this product. Please read all sections carefully to ensure proper handling and operation.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in this manual.
- Inspect the neck sizing bushings before each use for any signs of damage or wear. Do not use if damaged.
- Keep the bushings out of reach of children and pets to prevent accidental injury.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses, when using resizing dies and bushings.
- Store the bushings in a dry place, away from extreme temperatures and humidity, to maintain their integrity.

## Specific Safety Precautions for Use

- Use the bushings only with compatible resizing dies as specified in the product description.
- Do not exceed the recommended sizing limits. Oversizing can lead to equipment failure and personal injury.
- Ensure that the resizing die is securely mounted before using the neck sizing bushings.
- Avoid using excessive force when resizing brass to prevent damage to the bushings and the die.
- If you experience unusual resistance while resizing, stop immediately and inspect the setup for issues.
- Handle the bushings with care to prevent scratches or dents, which can affect their performance.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and equipment, including the resizing die, bushings, and brass cases.
- Clean the brass cases to remove any dirt or debris that may interfere with the resizing process.

### 2. Installation:

- Remove the resizing die from the press.
- Insert the SAC neck sizing bushing into the resizing die. Ensure it is seated correctly.
- Reattach the resizing die to the press securely.

### 3. Usage:

- Place a brass case into the die.
- Operate the press slowly and steadily, applying even pressure to resize the neck of the brass.
- Inspect the resized brass for proper dimensions and concentricity.

### 4. PostUse:

- After resizing, remove the brass case from the die.
- Clean the bushings after use to remove any brass residue. Store them in a protective case.

## Disposal Instructions

- Dispose of any damaged bushings in accordance with local regulations for metal waste.
- Do not dispose of bushings in regular household waste. Check for recycling options in your area.
- Ensure that all materials are disposed of safely to prevent environmental harm.

## Contact Information for Further Support

For any questions or concerns regarding the SAC Neck Sizing Bushings, please refer to the manufacturer's contact details provided separately. Ensure that you have the product details ready for a more efficient response.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your SAC Neck Sizing Bushings. Thank you for your attention to safety!
