

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .261"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .261"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109883

SAC NECK SIZING BUSHINGS SHORT ACTION CUSTOMS, LLC. Safety Instruction Guide

Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide is designed to provide you with essential safety information and instructions for the safe use of this product. Please read this guide carefully before using the neck sizing bushings to ensure a safe and effective experience.

General Safety Guidelines

- Always use the neck sizing bushings in accordance with the manufacturer's instructions.
- Ensure that the bushings are compatible with the resizing die you are using.
- Regularly inspect the bushings for any signs of wear or damage before use.
- Keep the bushings out of reach of children and vulnerable individuals.
- Do not use the bushings for any purpose other than their intended use.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):** Always wear appropriate eye protection when using resizing dies and bushings to prevent injury from metal shavings or debris.
- **Work Environment:** Ensure that your workspace is clean, welllit, and free from clutter to reduce the risk of accidents.
- **Proper Handling:** Handle the bushings with care to avoid dropping them, which could lead to damage or injury.
- **Avoid Overloading:** Do not exceed the recommended specifications for the resizing die and bushings to prevent malfunction or damage.
- **Storage:** Store the bushings in a dry, cool place to prevent corrosion and maintain their integrity.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including your resizing die and the SAC neck sizing bushing.
- Ensure that your work area is clean and organized.

2. Installation:

- Remove the resizing die from your reloading press.
- Insert the SAC neck sizing bushing into the resizing die, ensuring it fits snugly.
- Secure the resizing die back into your reloading press.

3. Usage:

- Prepare your cartridge brass for resizing by cleaning it thoroughly.
- Place the brass case into the resizing die with the neck positioned correctly.
- Operate the reloading press according to the manufacturer's instructions, applying steady pressure to resize the neck of the brass.
- Inspect the resized brass for proper dimensions and neck runout.

4. PostUse:

- After use, clean the bushings to remove any debris or residue.
- Store the bushings in a safe location to prevent damage.

Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local waste disposal regulations.
- Do not throw the bushings in regular household waste. Check for recycling options or hazardous waste disposal facilities in your area.

Contact Information for Further Support

For any questions or additional support regarding the SAC Neck Sizing Bushings, please refer to the manufacturer's website or contact their customer support team directly.

By following these safety instructions, you can ensure a safe and effective experience with your SAC Neck Sizing Bushings. Thank you for your attention to these important guidelines.
