

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .266"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .266"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109888

SAC NECK SIZING BUSHINGS SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides essential safety information and instructions to ensure the safe and effective use of your product. Please read this guide carefully before using the neck sizing bushings.

General Safety Guidelines

- Ensure that you are using the neck sizing bushings with compatible resizing dies only.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling and using the bushings.
- Keep the bushings out of reach of children and vulnerable individuals to prevent accidents.
- Inspect the bushings for any damage or defects before use. Do not use if damaged.
- Follow all manufacturer instructions for the resizing die being used in conjunction with the bushings.
- Be aware of your surroundings and work in a wellventilated area to avoid inhaling any dust or particles generated during use.

Specific Safety Precautions for Use

- Ensure that the resizing die is securely mounted before inserting the neck sizing bushing.
- Do not exceed the recommended resizing limits to avoid damaging the brass or the bushing.
- Avoid using excessive force when resizing to prevent injury or damage to the equipment.
- If you experience any unusual resistance during resizing, stop immediately and check for potential issues.
- Store the bushings in a clean, dry place when not in use to prevent corrosion and maintain performance.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including your resizing die, neck sizing bushings, and cartridge brass.
- Ensure your work area is clean and organized.

2. Installation:

- Remove the resizing die from your reloading press.
- Insert the SAC neck sizing bushing into the resizing die. Ensure it is seated properly.
- Reattach the resizing die to the reloading press securely.

3. Usage:

- Place the cartridge brass into the resizing die.
- Operate the reloading press according to the manufacturer's instructions.
- Monitor the resizing process closely for any signs of difficulty or abnormal resistance.
- After resizing, carefully remove the brass from the die.

4. PostUse:

- Clean the bushings after use to remove any residue.
- Inspect the bushings for wear or damage before storing them.

Disposal Instructions

- Dispose of any damaged or wornout bushings in accordance with local regulations.
- Do not dispose of the bushings in regular household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries or further assistance regarding safety and usage of the SAC Neck Sizing Bushings, please reach out to your retailer or the manufacturer directly for support.

Conclusion

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your SAC Neck Sizing Bushings. Always prioritize safety and consult this guide whenever needed. Thank you for choosing Short Action Customs, LLC.
