

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .268"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .268"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)

Safety Instruction Guide for SAC Neck Sizing Bushings

Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. These bushings are designed to enhance the precision of your neck sizing process. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always handle the neck sizing bushings with care to avoid injury.
- Keep the bushings out of reach of children and vulnerable individuals.
- Inspect the bushings for any damage before use. Do not use damaged products.
- Use the bushings only for their intended purpose as described in this guide.
- Ensure that your workspace is clean and free from hazards when using the bushings.
- Follow all manufacturer instructions for your resizing die to avoid accidents.

Specific Safety Precautions for Use

- Wear safety glasses to protect your eyes from debris while resizing.
- Use gloves to prevent skin irritation from brass shavings or oils.
- Ensure that the resizing die is securely fastened to your reloading press before use.
- Do not exceed the recommended pressure settings for your resizing die.
- Avoid using the bushings in dies that are not compatible, as this may lead to malfunction or injury.
- Always store the bushings in a safe, dry place to prevent corrosion or damage.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including your resizing die, reloading press, and the SAC Neck Sizing Bushing.
- Ensure your work area is organized and free of distractions.

2. Installation:

- Remove the resizing die from your reloading press.
- Insert the SAC Neck Sizing Bushing into the resizing die, ensuring it fits snugly.
- Reattach the resizing die securely to the reloading press.

3. Usage:

- Place the cartridge brass into the die as per the manufacturer's instructions.
- Operate the reloading press slowly and steadily to resize the neck of the cartridge.
- After resizing, inspect the brass for consistent neck dimensions and quality.

4. PostUsage:

- Clean the bushings and resizing die after use to remove any debris or residue.
- Store the bushings in their designated case or container to prevent damage.

Disposal Instructions

- Dispose of any damaged or unusable bushings in accordance with local regulations.
- Recycle brass shavings and other materials according to your local recycling guidelines.
- Do not dispose of the bushings in regular household waste if they are still usable.

Contact Information for Further Support

For any questions or concerns regarding the use of SAC Neck Sizing Bushings, please refer to the manufacturer's website or contact their support team directly. It is important to ensure that you have the latest information and guidance for safe use.

Thank you for your attention to these safety instructions. By following these guidelines, you help ensure a safe and efficient reloading experience.
