

# SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .272"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

## Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .272"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109894
- Mfr. No.: SAC-272NB
- Diameter (in): .272
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

# SAC NECK SIZING BUSHINGS SAFETY INSTRUCTION GUIDE

## Introduction

Welcome to the safety instruction guide for the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide aims to provide essential safety information, usage instructions, and disposal guidelines to ensure the safe and effective use of this product.

## General Safety Guidelines

- **Product Safety:** Ensure that you use the SAC Neck Sizing Bushings in accordance with the provided instructions to minimize risks.
- **Enhanced Recalls:** Stay informed about any product recalls through the EU's Safety Gate platform.
- **Online Shopping:** When purchasing online, ensure that you are buying from authorized retailers that meet safety requirements.
- **Special Consumer Focus:** Extra care should be taken when using this product around vulnerable groups, such as children.
- **EU Contact Point:** For any safety inquiries, please reach out to the designated EU contact point.
- **Rapid Alerts:** Be alert for updates on unsafe products through the Safety Gate system.

## Specific Safety Precautions for Use

- Always inspect the bushings for damage before use. Do not use if any part is cracked or broken.
- Ensure that the bushings are compatible with your resizing die before installation.
- Keep the bushings out of reach of children and pets.
- Use appropriate personal protective equipment (PPE) such as safety glasses when handling and installing the bushings.
- Avoid using excessive force when installing the bushings to prevent damage to both the bushing and the resizing die.
- Do not use the bushings with any other purpose than intended. Improper use may lead to injury or equipment damage.

## Instructions for Installation and Usage

1. **Compatibility Check:** Verify that the SAC Neck Sizing Bushing is compatible with your resizing die brands (e.g., RCBS, Whidden, Harrells, Redding, Hornady, LE Wilson).
2. **Installation:**
  - Ensure the resizing die is clean and free from debris.
  - Carefully insert the neck sizing bushing into the die.
  - Tighten the die according to the manufacturer's specifications without overtightening.
3. **Usage:**
  - Prepare your cartridge brass for resizing.
  - Follow the resizing die's instructions for operating the resizing process.
  - Monitor the neck runout during the resizing process to ensure optimal performance.
4. **PostUsage Care:**
  - After use, clean the bushing with appropriate cleaning solutions to remove any residues.
  - Store the bushings in a safe, dry place away from direct sunlight and moisture.

## Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- If the bushings are no longer needed, consider recycling them if possible. Check with local recycling

programs for guidance on metal recycling.

## **Contact Information for Further Support**

For any questions or concerns regarding the SAC Neck Sizing Bushings, please refer to the contact point provided with your product purchase.

Thank you for choosing SAC Neck Sizing Bushings. Your safety and satisfaction are our top priorities.
