

# SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .278"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

## Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .278"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109898

# Safety Instruction Guide for SAC Neck Sizing Bushings

## Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. These bushings are designed to enhance the accuracy and efficiency of your reloading process. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow the manufacturer's instructions to avoid potential hazards.
- Store the bushings in a safe and dry place, away from children and pets.
- Inspect the bushings regularly for any signs of damage or wear.
- If you notice any defects, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- Use appropriate personal protective equipment (PPE), such as safety glasses, when handling and using the bushings.
- Ensure that the resizing die is securely mounted and stable before use.
- Do not exceed the manufacturer's recommended specifications for resizing.
- Avoid using excessive force when inserting or removing the bushings from the die.
- Keep hands and other body parts clear of moving parts during operation.
- Do not use the bushings if you are unfamiliar with the resizing process. Seek guidance or training if necessary.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and materials, including the resizing die and the SAC Neck Sizing Bushings.
- Ensure your workspace is clean and organized.

### 2. Installation

- Remove the resizing die from your reloading press.
- Select the appropriate SAC Neck Sizing Bushing based on your cartridge specifications.
- Insert the bushing into the resizing die, ensuring it is seated properly.
- Reattach the resizing die to your reloading press, following the manufacturer's instructions.

### 3. Usage

- Prepare your cartridge brass for resizing, ensuring it is clean and free of debris.
- Insert the cartridge into the resizing die with the SAC Neck Sizing Bushing installed.
- Operate the reloading press to resize the cartridge brass, applying even and controlled pressure.
- After resizing, remove the cartridge and inspect it for proper sizing.

### 4. PostUsage Care

- Clean the bushings after use to remove any residue or debris.

- Store the bushings in a designated container to prevent damage.

## **Disposal Instructions**

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not dispose of the bushings in regular household waste. Check for local recycling programs or hazardous waste disposal options.

## **Contact Information for Further Support**

For any inquiries regarding safety or product performance, please reach out to the manufacturer or your retailer. Ensure you have the product details available for quicker assistance.

By following these guidelines, you can ensure a safe and effective experience with your SAC Neck Sizing Bushings. Always prioritize safety and consult with professionals if you have any questions or concerns regarding the use of this product.
