

# **SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .279"**

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

## **Attributes**

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .279"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109899
- Mfr. No.: SAC-279NB
- Diameter (in): .279
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

# Safety Instruction Guide for SAC Neck Sizing Bushings

## Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides essential safety information, installation instructions, and usage guidelines to ensure the safe and effective use of this product. Please read this guide thoroughly before using the bushings.

## General Safety Guidelines

- Ensure that the bushings are used only with compatible neck sizing dies.
- Inspect the bushings for any signs of damage or wear before each use.
- Use the bushings in a wellventilated area to avoid inhaling any dust or debris produced during resizing.
- Keep the bushings out of reach of children and unauthorized users.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling and using the bushings.
- Report any unsafe conditions or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- **Compatibility Check:** Ensure that the SAC Neck Sizing Bushings are compatible with your resizing die before use.
- **Proper Handling:** Handle the bushings with care to avoid damage. Do not drop or throw the bushings.
- **Avoid OverPressurization:** Do not exceed the recommended pressure settings while using the bushings to prevent breakage or malfunction.
- **Regular Maintenance:** Clean the bushings regularly to maintain their performance and longevity. Use a soft cloth and appropriate cleaning solutions.
- **Avoid Contamination:** Do not expose the bushings to harsh chemicals or solvents that may damage the material.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials, including the resizing die and the SAC Neck Sizing Bushings.
- Ensure your workspace is clean and organized.

### 2. Installation:

- Remove the resizing die from your reloading press.
- Insert the SAC Neck Sizing Bushing into the resizing die, ensuring a snug fit.
- Secure the die back into the reloading press according to the manufacturer's instructions.

### 3. Usage:

- Place the cartridge brass into the resizing die with the installed bushings.
- Operate the reloading press, applying steady and even pressure to resize the neck of the cartridge.
- Monitor the process closely to ensure that the resizing is performed correctly without excessive force.

### 4. PostUsage:

- Remove the resized cartridge brass from the die.
- Inspect the resized brass for consistency and quality.
- Clean the bushings after use to prevent buildup of brass residue.

## **Disposal Instructions**

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not dispose of the bushings in regular household waste if they are made of materials that require special handling.
- Check for recycling options in your area for stainless steel products.

## **Contact Information for Further Support**

For any inquiries or additional support, please refer to the contact information provided on the product packaging or visit the manufacturer's website.

Thank you for choosing SAC Neck Sizing Bushings. Your safety and satisfaction are our top priorities. Please follow these guidelines to ensure a safe and effective reloading experience.
