

# SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .280"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

## Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .280"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109900
- Mfr. No.: SAC-280NB
- Diameter (in): .280
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

# SAC NECK SIZING BUSHINGS SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides essential safety instructions and information to ensure the safe use of this product. Please read this manual carefully before using the bushings to ensure optimal performance and safety.

## General Safety Guidelines

- Always use the SAC Neck Sizing Bushings in accordance with the manufacturer's instructions.
- Ensure that the bushings are compatible with your resizing die before use.
- Regularly inspect the bushings for any signs of wear or damage.
- Keep the bushings out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Check for any recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Compatibility Check:** Verify that the bushing size (.280") is suitable for your specific resizing die brand (e.g., RCBS, Whidden, Harrells, Redding, Hornady, LE Wilson).
- **Inspect Before Use:** Examine the bushing for cracks, dents, or other defects before installation. Do not use damaged bushings.
- **Proper Handling:** Handle the bushings with care. Avoid dropping or mishandling them to prevent damage.
- **Avoid Contaminants:** Keep the bushings clean and free from oils, dirt, or other contaminants that may affect performance.
- **Use Protective Equipment:** When resizing brass, it is advisable to wear safety glasses to protect your eyes from any potential debris.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your workspace is clean and organized.
- Gather all necessary tools and materials, including the resizing die and the SAC Neck Sizing Bushing.

### 2. Installation:

- Remove the resizing die from your reloading press.
- Insert the SAC Neck Sizing Bushing into the die, ensuring it fits securely.
- Reattach the resizing die to the reloading press according to the manufacturer's instructions.

### 3. Usage:

- Place the cartridge brass into the resizing die.
- Apply consistent pressure when operating the press to ensure proper resizing.
- Check the resized brass for consistency and runout after resizing.

### 4. PostUsage Care:

- Clean the bushing with a soft cloth after use to remove any debris.
- Store the bushings in a safe and dry location to prevent damage.

## **Disposal Instructions**

- Dispose of any damaged or wornout bushings in accordance with local regulations.
- Do not discard bushings in regular household waste. Check for recycling options in your area.

## **Contact Information for Further Support**

For any questions or concerns regarding the SAC Neck Sizing Bushings, please consult the manufacturer's website or refer to the product packaging for further information.

Thank you for your attention to these safety guidelines. Enjoy using your SAC Neck Sizing Bushings safely and effectively!
