

# SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .282"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

## Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .282"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109902
- Mfr. No.: SAC-282NB
- Diameter (in): .282
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

# Safety Instruction Guide for SAC NECK SIZING BUSHINGS

## Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this document carefully before using the bushings.

## General Safety Guidelines

- Always ensure that your workspace is clean and free from any hazards before using the neck sizing bushings.
- Inspect the bushings for any visible damage or defects before each use. Do not use damaged products.
- Keep the bushings out of reach of children and vulnerable individuals.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses, when operating reloading equipment.
- Follow all manufacturer instructions for any equipment used in conjunction with the neck sizing bushings.

## Specific Safety Precautions for Use

- Ensure that the neck sizing bushings are compatible with your resizing die. Refer to the compatibility section in the product description.
- Do not exceed the recommended specifications for the bushing size and the materials being resized.
- Avoid using excessive force when resizing brass to prevent damage to the bushing and the die.
- Always ensure that the bushing is properly seated in the resizing die before operation.
- If you experience unusual resistance or difficulty while resizing, stop immediately and inspect the equipment for issues.

## Instructions for Installation and Usage

### 1. Installation of Neck Sizing Bushings:

- Ensure that the resizing die is clean and free from debris.
- Select the appropriate SAC neck sizing bushing based on your cartridge specifications.
- Insert the bushing into the resizing die, ensuring it is seated correctly.
- Tighten the die according to the manufacturer's specifications to secure the bushing.

### 2. Usage of Neck Sizing Bushings:

- Prepare your brass cases by cleaning and inspecting them for defects.
- Insert the brass case into the resizing die with the installed neck sizing bushing.
- Use a reloading press to resize the brass, applying steady and even pressure.
- After resizing, remove the brass case and inspect it for proper sizing and any signs of damage.

### 3. PostUse Care:

- Clean the neck sizing bushings after each use to remove any brass shavings or residue.
- Store the bushings in a safe and dry location when not in use to prevent damage.

## **Disposal Instructions**

- Dispose of any damaged or unusable neck sizing bushings in accordance with local regulations.
- Do not dispose of neck sizing bushings in regular household waste. Check with local recycling centers for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or further support regarding the SAC Neck Sizing Bushings, please refer to the contact information provided at the point of purchase or on the manufacturer's website.

## **Conclusion**

By following the guidelines and instructions outlined in this safety instruction guide, you can ensure a safe and effective experience with your SAC Neck Sizing Bushings. Always prioritize safety and proper handling to achieve the best results in your reloading activities. Thank you for choosing Short Action Customs, LLC.
