

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .284"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .284"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109904
- Mfr. No.: SAC-284NB
- Diameter (in): .284
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

Safety Instruction Guide for SAC Neck Sizing Bushings

Introduction

Thank you for choosing the SAC Neck Sizing Bushings. These products are designed to enhance the precision of your reloading process. This guide provides essential safety instructions to ensure the safe use of the neck sizing bushings and to comply with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand all instructions before using the product.
- Ensure that the neck sizing bushings are compatible with your resizing dies.
- Inspect the neck sizing bushings for any visible damage before each use.
- Keep the neck sizing bushings out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use the neck sizing bushings only for their intended purpose as described in this guide.
- Avoid using excessive force during the resizing process to prevent damage to the bushings or resizing dies.
- Ensure that your workspace is clean and free from obstructions to prevent accidents.
- Wear appropriate safety gear, including eye protection, when using the neck sizing bushings.
- Do not attempt to modify or alter the neck sizing bushings in any way.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and components for the resizing process.
- Ensure that your resizing die is clean and free from debris.

2. Installation:

- Select the appropriate SAC Neck Sizing Bushing for your cartridge.
- Insert the neck sizing bushing into the resizing die following the manufacturer's instructions.
- Ensure that the bushing is seated properly within the die.

3. Usage:

- Place the cartridge brass into the resizing die.
- Apply steady, even pressure on the press handle to resize the neck of the cartridge.
- Avoid using excessive force; if resistance is felt, stop and inspect for potential issues.
- After resizing, remove the cartridge brass and inspect for proper sizing.

4. PostUsage Care:

- Clean the neck sizing bushings after each use to remove any brass residue.
- Store the neck sizing bushings in a safe, dry location away from moisture and direct sunlight.

Disposal Instructions

- Dispose of any damaged or unusable neck sizing bushings in accordance with local regulations.
- Do not dispose of the neck sizing bushings in regular household waste.
- Consider recycling options if available in your area.

Contact Information for Further Support

For any inquiries or concerns regarding the SAC Neck Sizing Bushings, please refer to the manufacturer's contact details provided on the packaging or visit the official website.

By following these safety instructions, you can ensure a safe and effective reloading experience with your SAC Neck Sizing Bushings. Thank you for your attention to these guidelines.
