

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .285"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .285"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109905

SAC Neck Sizing Bushings Safety Instruction Guide

Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides important safety instructions and information to ensure the safe and effective use of your product. Please read this guide carefully before using the bushings.

General Safety Guidelines

- Always use the neck sizing bushings in accordance with the manufacturer's instructions.
- Ensure that the bushings are compatible with your resizing die to avoid any malfunctions.
- Inspect the bushings for any visible damage or defects before use. Do not use damaged bushings.
- Keep the bushings out of reach of children and vulnerable individuals to prevent accidents.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, while handling the bushings.
- Avoid excessive force when inserting or removing the bushings from resizing dies to prevent damage.
- Do not attempt to modify or alter the bushings in any way, as this may compromise their safety and effectiveness.
- Ensure that your workspace is clean and free of clutter to minimize the risk of accidents.
- If you experience any issues during use, discontinue use immediately and consult a professional.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and equipment, including your resizing die and the SAC Neck Sizing Bushing.
- Ensure your workspace is welllit and organized.

2. Installation:

- Carefully remove the bushing from its packaging.
- Inspect the bushing for any visible defects.
- Insert the bushing into the resizing die, ensuring it fits securely. Do not force it if it does not fit easily.

3. Usage:

- Follow the manufacturer's instructions for your resizing die to complete the neck sizing process.
- Monitor the operation closely to ensure there are no unusual noises or resistance during use.
- If you notice any issues, stop the operation immediately and check for problems.

4. PostUsage:

- After use, carefully remove the bushing from the die.
- Clean the bushing with a soft cloth to remove any debris or residue.

- Store the bushing in a safe place away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of any damaged or unusable bushings in accordance with local regulations.
- Do not dispose of the bushings in regular household waste if they are made of materials that require special handling.
- Check with local waste management services for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the SAC Neck Sizing Bushings, please refer to the manufacturer's contact information provided on the product packaging or visit the manufacturer's official website for support.

Thank you for your attention to these safety instructions. Enjoy using your SAC Neck Sizing Bushings responsibly!
