

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .286"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .286"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109906
- Mfr. No.: SAC-286NB
- Diameter (in): .286
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

Safety Instruction Guide for SAC Neck Sizing Bushings

Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. These bushings are designed to improve the neck sizing process for cartridge brass, ensuring enhanced concentricity and reduced neck runout. This guide provides important safety instructions and guidelines to ensure the safe and effective use of this product in compliance with EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about any product recalls or safety alerts through official channels.

Specific Safety Precautions for Use

- Handle the bushings with care to avoid injury.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when resizing brass.
- Ensure that the resizing die is securely mounted before use to prevent accidents.
- Avoid using the bushings with damaged or improperly sized dies.
- Do not exceed the recommended pressure limits when resizing brass to prevent breakage or injury.
- If you experience difficulty during the resizing process, stop and assess the situation before proceeding.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the resizing die, bushings, and cartridge brass.
- Ensure your workspace is clean and free from obstructions.

2. Installation:

- Remove the resizing die from your reloading press.
- Insert the SAC Neck Sizing Bushing into the die. Ensure it is seated properly.
- Reattach the resizing die to the reloading press securely.

3. Usage:

- Place the cartridge brass into the resizing die.
- Operate the reloading press according to the manufacturer's instructions.
- Monitor the resizing process closely for any signs of difficulty or resistance.
- After resizing, inspect the brass for proper neck sizing and concentricity.

4. PostUsage Care:

- Clean the bushings and die after use to maintain their performance and longevity.
- Store the bushings in a safe and dry location, away from children and unauthorized users.

Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, check for local recycling options for metal products.
- Ensure that all components are disposed of safely to prevent environmental harm.

Contact Information for Further Support

For any questions or concerns regarding the SAC Neck Sizing Bushings, please refer to the manufacturer's website or contact their customer support for assistance.

By following these guidelines and instructions, you can safely enjoy the benefits of the SAC Neck Sizing Bushings while ensuring compliance with safety regulations. Thank you for your attention to these important safety measures.
