

# **SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .287"**

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

## **Attributes**

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .287"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109907
- Mfr. No.: SAC-287NB
- Diameter (in): .287
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

# Safety Instruction Guide for SAC Neck Sizing Bushings

## Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. These bushings are designed to enhance your reloading experience by minimizing neck runout and improving cartridge concentricity. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in this guide.
- Always handle the bushings with care to avoid injury or damage.
- Keep the bushings out of reach of children and vulnerable individuals.
- Regularly inspect the bushings for any signs of wear or damage before use.
- If you notice any defects or irregularities in the bushings, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- Always wear appropriate safety goggles and gloves when handling reloading equipment to protect against potential injuries.
- Ensure that your reloading setup is stable and secure to prevent accidents during use.
- Use the bushings only with compatible neck sizing dies as specified by the manufacturer.
- Avoid using excessive force when resizing brass to prevent damage to the bushings or the die.
- Follow all manufacturer instructions for your specific reloading equipment to ensure safe operation.

## Instructions for Installation and Usage

### 1. Installation of the Bushing:

- Remove the resizing die from your reloading press.
- Carefully insert the SAC neck sizing bushing into the die, ensuring it is seated properly.
- Reattach the die to your reloading press securely.

### 2. Usage of the Bushing:

- Prepare your cartridge brass as per standard reloading procedures.
- Insert the brass case into the resizing die with the installed bushing.
- Slowly and steadily apply pressure to resize the brass, ensuring that the setup remains stable.
- After resizing, remove the brass case and inspect it for proper sizing and any signs of damage.

### 3. PostUse Care:

- Clean the bushings after use to remove any debris or residue.
- Store the bushings in a dry and safe location, away from direct sunlight and moisture.

## Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations for metal waste.
- Do not throw bushings in regular trash; check for recycling options in your area.

## **Contact Information for Further Support**

For any questions or concerns regarding the SAC Neck Sizing Bushings, please refer to the manufacturer's website or contact their customer support for assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience with your SAC Neck Sizing Bushings. Thank you for your attention to safety and enjoy your reloading!
