

# SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .291"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

## Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .291"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109911
- Mfr. No.: SAC-291NB
- Diameter (in): .291
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

# Safety Instruction Guide for SAC Neck Sizing Bushings

## Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. These bushings are designed to enhance your reloading experience by minimizing neck runout and increasing cartridge concentricity. This guide provides essential safety instructions to ensure the safe use of this product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- **Product Safety:** Ensure the safe use of the SAC Neck Sizing Bushings by following all instructions provided. This product is intended for use with neck sizing dies and should only be used as directed.
- **Enhanced Recalls:** Stay informed about any potential recalls by checking official channels. If a recall occurs, follow the instructions for returning or replacing the product.
- **Online Shopping:** When purchasing online, ensure that the platform meets safety requirements and offers the same protections as physical stores.
- **Special Consumer Focus:** Extra care should be taken when using this product around vulnerable groups, such as children. Keep all reloading equipment out of reach of children.
- **EU Contact Point:** For any safety inquiries, please refer to the relevant EU contact points available through your local consumer safety authority.
- **Rapid Alerts:** Be proactive in checking for updates on unsafe products via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as safety glasses and gloves, when handling reloading equipment.
- Ensure your workspace is clean and free of obstructions to prevent accidents.
- Inspect the bushings for any visible damage before use. Do not use damaged bushings.
- Use the bushings only with compatible neck sizing dies as specified in the product description.
- Follow the manufacturer's instructions for the specific resizing die you are using in conjunction with the bushings.
- Do not exceed the recommended specifications for neck sizing, as this can lead to unsafe conditions.
- Store the bushings in a safe, dry place when not in use to prevent damage and ensure longevity.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure you have the appropriate neck sizing die and the SAC Neck Sizing Bushing (.291").
- Gather all necessary tools and safety equipment.

### 2. Installation:

- Remove the resizing die from your reloading press.
- Insert the SAC Neck Sizing Bushing into the resizing die, ensuring it is seated properly.
- Reinstall the resizing die onto your reloading press, following the manufacturer's instructions.

### 3. Usage:

- Adjust the resizing die to the desired settings as per your reloading requirements.
- Place the cartridge brass into the resizing die and proceed with the resizing process.

- Monitor the process closely to ensure that the neck sizing is performed correctly and safely.

#### **4. PostUsage:**

- After use, carefully remove the bushings and clean them to remove any debris or residue.
- Store the bushings in a protective case to prevent damage.

## **Disposal Instructions**

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not dispose of bushings in regular household waste if they are made of metal. Instead, check for local recycling programs that accept metal products.
- Always follow local guidelines for the disposal of reloading materials and components to ensure environmental safety.

## **Contact Information for Further Support**

For any inquiries regarding the SAC Neck Sizing Bushings or safety concerns, please refer to the relevant EU contact points available through your local consumer safety authority.

By following these safety instructions, you can ensure a safe and effective reloading experience with the SAC Neck Sizing Bushings. Thank you for choosing Short Action Customs, LLC.
