

# SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .298"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

## Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .298"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109916
- Mfr. No.: SAC-298NB
- Diameter (in): .298
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

# SAC Neck Sizing Bushings Safety Instruction Guide

## Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides essential safety information, usage instructions, and disposal guidelines to ensure safe and effective use of our products. Please read this guide carefully before using the neck sizing bushings.

## General Safety Guidelines

- Always handle the neck sizing bushings with care to avoid injury.
- Ensure that the bushings are compatible with your neck sizing die before use.
- Regularly inspect the bushings for any signs of damage or wear. Do not use damaged bushings.
- Keep the bushings out of reach of children and vulnerable individuals.
- Follow all local regulations regarding the use and disposal of metal products.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling the neck sizing bushings.
- Avoid using excessive force when inserting or removing the bushings from the resizing die to prevent injury or damage.
- Ensure that the workspace is clean and free from clutter to minimize the risk of accidents.
- Do not modify the bushings in any way, as this may affect their performance and safety.
- Store the bushings in a dry and secure location when not in use.

## Instructions for Installation and Usage

### 1. Compatibility Check:

- Verify that the SAC Neck Sizing Bushing .298" is compatible with your resizing die brand (e.g., RCBS, Whidden, Harrells, Redding, Hornady, LE Wilson).

### 2. Installation:

- Clean the resizing die and the bushing before installation.
- Insert the neck sizing bushing into the resizing die according to the manufacturer's instructions.
- Ensure the bushing is seated properly and securely.

### 3. Usage:

- Adjust your reloading setup according to the specifications of your resizing die.
- Perform a test run with a piece of cartridge brass to check for proper sizing and neck runout.
- Monitor the process closely to ensure consistent results and safety.

### 4. PostUse Care:

- Clean the bushings after each use to maintain their performance and longevity.
- Store the bushings in their original packaging or a protective case to prevent damage.

## **Disposal Instructions**

- Dispose of the neck sizing bushings in accordance with local regulations regarding metal waste.
- Do not dispose of the bushings in regular household waste.
- If the bushings are damaged or no longer usable, consider recycling them at a metal recycling facility.

## **Contact Information for Further Support**

For safety inquiries or additional support regarding the SAC Neck Sizing Bushings, please refer to the contact information provided with your product packaging or on the manufacturer's website.

By following these guidelines, you can ensure the safe and effective use of your SAC Neck Sizing Bushings. Thank you for your attention to safety and for choosing Short Action Customs, LLC.
