

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .301"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

SAC Neck Sizing Bushings Safety Instruction Guide

Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This product is designed to enhance the accuracy of your reloading process by minimizing neck runout in cartridge brass. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure safe handling and usage of the neck sizing bushings.
- Always use the product in accordance with the manufacturer's instructions.
- Be aware of potential hazards associated with the use of reloading equipment.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for product recalls or safety updates through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using reloading equipment.
- Do not exceed the recommended specifications for your reloading dies and bushings.
- Inspect the neck sizing bushings for any signs of damage or wear before each use.
- Ensure that the bushings are compatible with your resizing dies to prevent malfunction.
- Avoid using the product in wet or humid conditions to prevent corrosion.
- Store the neck sizing bushings in a dry, secure location when not in use.

Instructions for Installation and Usage

1. Installation of the Neck Sizing Bushing:

- Ensure that your reloading die is clean and free from debris.
- Insert the SAC Neck Sizing Bushing into the resizing die, ensuring a snug fit.
- Tighten the die according to the manufacturer's specifications to secure the bushing in place.

2. Using the Neck Sizing Bushing:

- Prepare your cartridge brass by cleaning and inspecting each piece.
- Insert the cartridge brass into the resizing die with the installed neck sizing bushing.
- Operate the reloading press to resize the neck of the brass according to your reloading procedure.
- After resizing, remove the brass and inspect it for proper sizing and any signs of damage.

3. PostUsage Care:

- Clean the neck sizing bushings after each use to remove any residue.
- Store the bushings in a protective case or container to prevent damage.

Disposal Instructions

- Dispose of any damaged or unusable neck sizing bushings in accordance with local regulations.
- Do not dispose of the bushings in regular household waste. Instead, consult your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or additional support regarding the SAC Neck Sizing Bushings, please refer to the manufacturer's contact information provided with your product.

By following these safety instructions, you can ensure a safe and effective reloading experience with the SAC Neck Sizing Bushings. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
