

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .302"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .302"](#)

SAC NECK SIZING BUSHINGS SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. These bushings are designed to enhance the performance of your neck sizing dies while ensuring safety during use. This guide provides essential safety instructions and information to help you use this product effectively and responsibly.

General Safety Guidelines

- Always read and understand the product manual before use.
- Ensure that the workspace is clean, welllit, and free from hazards.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling the bushings.
- Keep the bushings out of reach of children and pets.
- Regularly inspect the bushings for any signs of wear or damage before each use.
- Follow all manufacturer instructions and recommendations for use.
- Report any unsafe product conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Handle the bushings with care to avoid injury.
- Do not use the bushings with incompatible resizing dies.
- Ensure that the resizing die is securely mounted before use.
- Avoid excessive force when resizing cartridges to prevent damage to the bushings or the die.
- Store the bushings in a dry and secure location when not in use to prevent damage or loss.
- If you notice any unusual performance or defects during use, cease operation immediately and inspect the product.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your workspace is clean and organized.
- Gather all necessary tools and materials, including your resizing die and the SAC neck sizing bushing.

2. Installation:

- Remove the resizing die from your reloading press.
- Insert the SAC neck sizing bushing into the resizing die according to the manufacturer's instructions.
- Secure the die back into the press, ensuring it is tightly fastened.

3. Usage:

- Place the cartridge brass into the resizing die.
- Apply a steady, even pressure to resize the cartridge, avoiding excessive force.
- Monitor the resizing process for any signs of difficulty or resistance.
- Once resizing is complete, carefully remove the cartridge from the die.

4. PostUsage:

- Clean the bushings after use to remove any debris or residue.
- Inspect the bushings for wear or damage before storing them.
- Store the bushings in their original packaging or a protective case.

Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not dispose of bushings in regular household waste if they are made from materials that require special handling.
- Consider recycling options for stainless steel materials when available.

Contact Information for Further Support

For any inquiries or assistance regarding the SAC Neck Sizing Bushings, please refer to the manufacturer's contact information provided with the product packaging or on the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective experience with your SAC Neck Sizing Bushings. Always prioritize safety and adhere to the guidelines to protect yourself and others during the use of this product.
