

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .304"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .304"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109922
- Mfr. No.: SAC-304NB
- Diameter (in): .304
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

Safety Instruction Guide for SAC NECK SIZING BUSHINGS

Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides important safety information and instructions for the proper use and maintenance of the product. Please read this guide carefully to ensure safe and effective usage.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product regularly for signs of wear or damage.
- Do not use the product if it is damaged or malfunctioning.
- Follow all instructions in this guide to avoid potential hazards.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling the bushings.
- Ensure the resizing die is securely mounted before using the neck sizing bushings.
- Use only compatible resizing dies as specified in the product description to avoid accidents.
- Do not exceed the recommended sizing pressures to prevent damage to the bushings or die.
- Store the bushings in a dry, cool place to avoid corrosion or damage.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the resizing die and the SAC neck sizing bushing.
- Ensure your workspace is clean and free from distractions.

2. Installation:

- Remove the resizing die from your reloading press.
- Insert the SAC neck sizing bushing into the resizing die, ensuring it is seated properly.
- Reattach the resizing die to the reloading press, making sure it is securely fastened.

3. Usage:

- Prepare your cartridge brass by cleaning and inspecting it for defects.
- Place the cartridge brass in the resizing die with the neck facing upward.
- Slowly operate the reloading press handle to size the neck of the cartridge brass.
- Inspect the resized brass for proper neck sizing and concentricity.

4. PostUsage:

- Remove the resized cartridge brass from the die.
- Clean the bushings after use to maintain their performance and longevity.

Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not dispose of the product in regular household waste. Instead, contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any safety inquiries, please refer to the product packaging or visit the manufacturer's website for support resources.

By following these guidelines, you can ensure the safe and effective use of the SAC Neck Sizing Bushings. Thank you for your attention to safety and compliance.
