

# SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .305"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

## Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .305"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109923
- Mfr. No.: SAC-305NB
- Diameter (in): .305
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

# SAC NECK SIZING BUSHINGS SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. These bushings are designed to enhance the precision of your reloading process. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your neck sizing die before using the SAC Neck Sizing Bushings.
- Keep the bushings out of reach of children and vulnerable individuals.
- Always inspect the bushings for damage before use. Do not use if damaged.
- Use the bushings only for their intended purpose. Misuse may result in injury or damage.
- Store the bushings in a dry, safe place when not in use to prevent corrosion or damage.
- Follow all local, state, and national regulations regarding the use of reloading equipment and components.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Risk of injury from sharp edges or points.
  - Risk of improper sizing leading to malfunction or misfires.
- **Avoiding Hazards:**
  - Always handle the bushings with care to prevent cuts or injuries.
  - Ensure that your reloading setup is stable and secure to avoid accidents.
  - Use appropriate personal protective equipment (PPE), such as safety glasses, while reloading.
  - Do not exceed the recommended specifications for your reloading dies and components.
- **Age Specific Warnings:**
  - This product is intended for use by adults. Keep out of reach of children.
  - Ensure that anyone using this product is knowledgeable about reloading practices.

## Instructions for Installation and Usage

- **Installation:**
  1. Ensure your reloading press is clean and free from debris.
  2. Remove the existing bushing from your neck sizing die if present.
  3. Carefully insert the SAC Neck Sizing Bushing into the die, ensuring it is seated properly.
  4. Tighten the die according to the manufacturer's specifications to secure the bushing in place.
- **Usage:**
  1. Prepare your brass cases by cleaning and inspecting them for damage.
  2. Insert the brass case into the die with the installed bushing.
  3. Operate the reloading press to size the neck of the brass case.

4. Remove the sized case and inspect it for proper sizing and any signs of damage.
5. Repeat the process for additional cases as needed.

- **PostUse Care:**

- Clean the bushings after use to remove any residue or debris.
- Store the bushings in their original packaging or a designated storage container.

## **Disposal Instructions**

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not discard bushings in regular household waste. Check local guidelines for proper disposal methods for metal components.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the SAC Neck Sizing Bushings, please refer to the contact information provided with your purchase. It is important to have access to support for any questions or issues that may arise.

Please ensure that you adhere to these safety guidelines to maximize your safety and the effectiveness of the SAC Neck Sizing Bushings. Thank you for your attention to these important instructions.
