

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .306"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .306"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109924

SAC NECK SIZING BUSHINGS SHORT ACTION CUSTOMS, LLC. Safety Instruction Guide

Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. These bushings are designed to enhance your reloading experience by providing precise neck sizing for your cartridge brass. This guide contains essential safety information and instructions for the safe and effective use of this product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that you are using the bushings with compatible neck sizing dies.
- Store the bushings in a dry and secure location away from children and pets.
- Regularly inspect the bushings for any signs of wear or damage before each use.
- Do not use the bushings if they are damaged or show signs of excessive wear.
- Follow all manufacturer guidelines for the specific die brands listed.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use personal protective equipment (PPE) such as safety glasses when operating reloading equipment.
- Keep hands and fingers clear of moving parts during operation.
- Avoid using excessive force when inserting or removing the bushings from the dies.
- Ensure that your workspace is clean and free of obstructions to prevent accidents.
- Do not exceed the recommended specifications for the bushings to avoid damage and ensure safety.
- Be cautious of sharp edges on the bushings and handle them with care.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including your neck sizing die and the SAC Neck Sizing Bushing.
- Ensure your workspace is clean and welllit.

2. Installation:

- Remove the existing bushing from your neck sizing die if applicable.
- Carefully insert the SAC Neck Sizing Bushing into the die, ensuring it is seated properly.
- Tighten the die as per the manufacturer's instructions to secure the bushing in place.

3. Usage:

- Follow the specific instructions provided with your neck sizing die for resizing brass.
- Monitor the process to ensure that the bushing is functioning correctly and that there is no excessive runout.
- After resizing, inspect the brass for proper sizing and any defects.

4. PostUsage:

- Clean the bushing after use to remove any debris or residue.

- Store the bushing in its designated case or container to prevent damage.

Disposal Instructions

- Dispose of any damaged or worn bushings according to local regulations for metal recycling.
- Do not dispose of the bushings in regular household waste.
- If you are unsure about disposal methods, contact your local waste management authority for guidance.

Contact Information for Further Support

For any safety inquiries or additional support regarding the SAC Neck Sizing Bushings, please refer to the contact details provided on the product packaging or visit the official website of Short Action Customs, LLC.

By following these guidelines, you can ensure a safe and effective experience with your SAC Neck Sizing Bushings. Thank you for your attention to safety and for choosing Short Action Customs, LLC.
