

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .308"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .308"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)

Safety Instruction Guide for SAC Neck Sizing Bushings

Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides essential safety instructions and usage information to ensure safe and effective operation of the product. Please read this guide carefully before using the bushings.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in this manual.
- Always handle the bushings with care to avoid injury or damage.
- Keep the bushings out of reach of children and vulnerable individuals.
- Inspect the bushings before each use for any signs of damage or wear.
- If you notice any defects or irregularities, do not use the bushings and contact your dealer for assistance.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as safety glasses when using the bushings.
- Avoid using excessive force when resizing necks to prevent damage to the bushings or the resizing die.
- Ensure that the resizing die is securely mounted and properly adjusted before use.
- Do not exceed the recommended specifications for the resizing process.
- Use the bushings only with compatible resizing dies as specified in the product description.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the resizing die and the SAC Neck Sizing Bushing.
- Ensure your workspace is clean and free from obstructions.

2. Installation:

- Remove the resizing die from the press.
- Insert the SAC Neck Sizing Bushing into the resizing die according to the die manufacturer's instructions.
- Make sure the bushing is seated properly and securely within the die.

3. Usage:

- Place the cartridge brass into the resizing die.
- Adjust the die according to the specifications provided for your specific resizing needs.
- Operate the press smoothly, applying consistent pressure to resize the neck of the cartridge.
- After resizing, carefully remove the cartridge brass from the die.

4. PostUsage:

- Inspect the resized brass for any inconsistencies or defects.
- Clean the bushings after each use to maintain their performance and longevity.

Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not dispose of the bushings in regular household waste.
- Check with local recycling programs for proper disposal methods for stainless steel materials.

Contact Information for Further Support

For any inquiries regarding the SAC Neck Sizing Bushings or if you require assistance, please reach out to your dealer or consult the manufacturer's website for additional resources.

Thank you for following these safety instructions. Your attention to these guidelines helps ensure a safe and effective experience with your SAC Neck Sizing Bushings.
