

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .309"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .309"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109927

Safety Instruction Guide for SAC Neck Sizing Bushings

Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. These bushings are designed to enhance the neck sizing process for cartridge brass, ensuring improved concentricity and reduced neck runout. This guide provides essential safety instructions and usage information to ensure safe and effective operation.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always read and follow the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product before each use for any signs of damage or wear.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about product recalls or safety alerts via the EU Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling or using the bushings.
- Avoid using the bushings with damaged or improperly functioning resizing dies.
- Do not exceed the manufacturer's recommended specifications for resizing dies or cartridge brass.
- Ensure that the bushings are properly seated and secured in the resizing die before use.
- Do not attempt to modify or alter the bushings in any way.
- Store the bushings in a dry, secure location to prevent damage or contamination.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the resizing die, cartridge brass, and the SAC Neck Sizing Bushing.
- Ensure your workspace is clean and free from clutter.

2. Installation:

- Remove the resizing die from your reloading press.
- Insert the SAC Neck Sizing Bushing into the resizing die, ensuring it fits snugly.
- Secure the resizing die back into the reloading press according to the manufacturer's instructions.

3. Usage:

- Adjust the resizing die to the desired depth for neck sizing.
- Insert the cartridge brass into the resizing die with the bushing in place.
- Operate the reloading press to size the neck of the cartridge brass.
- Inspect the resized brass for quality and ensure it meets your specifications.

4. PostUsage:

- Remove the resized brass from the die.

- Clean the bushings and resizing die after use to maintain their performance.
- Store the bushings in a safe and dry location.

Disposal Instructions

- Dispose of any damaged or worn bushings according to local regulations for metal waste.
- Do not dispose of the bushings in regular household waste if they are still functional; consider donating or recycling if appropriate.

Contact Information for Further Support

For any inquiries regarding safety or usage of the SAC Neck Sizing Bushings, please refer to the manufacturer's website or contact their customer service directly. Ensure that you have the product details handy for a more efficient response.

By following these safety instructions and guidelines, you can ensure a safe and effective experience with the SAC Neck Sizing Bushings. Thank you for your attention to safety and for choosing our product.
