

# SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .311"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

## Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .311"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109929
- Mfr. No.: SAC-311NB
- Diameter (in): .311
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

# Safety Instruction Guide for SAC Neck Sizing Bushings

## Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides essential safety information to ensure the safe use and handling of this product. Please read this guide thoroughly before using the neck sizing bushings to understand how to use them safely and effectively.

## General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always inspect the bushings for damage before each use. Do not use damaged products.
- Keep the bushings out of reach of children and vulnerable individuals.
- Use the bushings only with compatible resizing dies as specified by the manufacturer.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling and using the bushings.
- Avoid contact with sharp edges and points on the bushings to prevent injury.
- Do not exceed the recommended operating conditions specified in the product documentation.
- Ensure that the resizing die and bushing are securely attached to the press before use to prevent accidents.
- Use the bushings only for their intended purpose; do not modify or alter them in any way.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials, including the resizing die and press.
- Ensure that your workspace is clean and free from obstructions.

### 2. Installation:

- Remove the resizing die from the press.
- Insert the SAC Neck Sizing Bushing into the resizing die, ensuring it is seated properly.
- Reattach the resizing die to the press, tightening it securely.

### 3. Usage:

- Place the cartridge brass into the resizing die.
- Operate the press according to the manufacturer's instructions, applying steady and even pressure.
- After resizing, remove the brass from the die and inspect it for proper sizing.

### 4. PostUse:

- Clean the bushings and resizing die after each use to prevent buildup of debris.
- Store the bushings in a safe, dry place, away from moisture and extreme temperatures.

## **Disposal Instructions**

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not dispose of the bushings in regular household waste if they are made from metals or materials that can be recycled. Check for local recycling options.

## **Contact Information for Further Support**

For any questions or concerns regarding the SAC Neck Sizing Bushings, please refer to the manufacturer's contact information provided with the product packaging.

Thank you for your attention to these safety guidelines. By following these instructions, you can ensure safe and effective use of the SAC Neck Sizing Bushings.
