

# SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .312"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

## Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .312"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109930
- Mfr. No.: SAC-312NB
- Diameter (in): .312
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

# SAC NECK SIZING BUSHINGS SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for purchasing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides essential safety information, installation instructions, and usage guidelines to ensure safe and effective operation of your neck sizing bushings. Please read this document carefully before using the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in this guide.
- Always handle the bushings with care to avoid injury or damage.
- Store the bushings in a safe place, out of reach of children and pets.
- Regularly inspect the bushings for any signs of wear or damage before use.
- If any defects are found, do not use the bushings and contact the manufacturer for assistance.
- Follow all local regulations regarding the use and disposal of metal products.

## Specific Safety Precautions for Use

- Use protective eyewear when resizing brass to prevent injury from metal shavings or debris.
- Avoid wearing loose clothing or jewelry that may get caught in machinery during operation.
- Ensure that your work area is clean and welllit to prevent accidents.
- Do not exceed the recommended resizing limits for the bushings to avoid damage and ensure safety.
- If you experience any unusual resistance or difficulty while using the bushings, stop immediately and check for obstructions or misalignment.

## Instructions for Installation and Usage

### 1. Installation of the Neck Sizing Bushing:

- Ensure that your neck sizing die is clean and free of debris.
- Carefully insert the SAC neck sizing bushing into the die, ensuring it fits securely.
- Tighten the die according to the manufacturer's specifications to hold the bushing in place.

### 2. Using the Neck Sizing Bushing:

- Prepare your brass by cleaning and inspecting it for any defects.
- Place the brass into the resizing die with the neck facing down.
- Operate your reloading press according to the manufacturer's instructions, applying steady pressure to resize the brass.
- After resizing, remove the brass and inspect it for proper sizing and any signs of damage.

### 3. PostUse Maintenance:

- Clean the neck sizing bushing after each use to remove any brass residue or debris.
- Store the bushings in their original packaging or a designated storage area to prevent damage.

## Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations for metal waste.
- Recycle the bushings if possible, as they are made from 174 stainless steel.
- Do not dispose of the product in regular household waste.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the SAC Neck Sizing Bushings, please refer to the manufacturer's contact information provided with your product packaging.

Thank you for choosing SAC Neck Sizing Bushings. Your safety is our priority.
