

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .313"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .313"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109931
- Mfr. No.: SAC-313NB
- Diameter (in): .313
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

Safety Instruction Guide for SAC Neck Sizing Bushings

Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. These bushings are designed to enhance the neck sizing process of cartridge brass, ensuring improved concentricity and reduced neck runout. This safety instruction guide provides essential information on the safe use, installation, and disposal of the product, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure the product is used only for its intended purpose as described in the product specifications.
- Always inspect the bushings for any signs of damage before use.
- Keep the bushings out of reach of children and vulnerable groups to prevent accidents.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling and installing the bushings.
- Report any unsafe conditions or incidents to the relevant authorities.

Specific Safety Precautions for Use

- **Compatibility Check:** Ensure that the bushings are compatible with your neck sizing dies before use.
- **Proper Handling:** Handle the bushings with care to avoid bending or damaging them. Do not drop or mishandle.
- **Avoid OverTightening:** When installing the bushings, avoid overtightening to prevent damage to the bushing or die.
- **Cleaning:** Clean the bushings regularly to maintain optimal performance. Use a soft cloth and appropriate cleaning solutions.
- **Storage:** Store the bushings in a dry place, away from direct sunlight and extreme temperatures.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials before starting the installation.
- Ensure your work area is clean and organized.

2. Installation:

- Select the appropriate bushing size for your neck sizing die.
- Insert the bushing into the die according to the manufacturer's instructions.
- Secure the bushing in place without overtightening.

3. Usage:

- Follow the die manufacturer's instructions for operating the neck sizing die.
- Monitor the sizing process to ensure consistent results.
- Regularly check the bushing for wear and tear during use.

4. PostUsage:

- Remove the bushing from the die after use.
- Clean the bushing and store it properly.

Disposal Instructions

- Dispose of the bushings in accordance with local regulations.
- Do not dispose of the bushings in regular household waste.
- Consider recycling options where available.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the SAC Neck Sizing Bushings, please refer to the contact details provided with your product packaging or visit the official Short Action Customs website.

By following these safety instructions, you can ensure a safe and effective experience with your SAC Neck Sizing Bushings. Thank you for your commitment to safety and quality in your reloading process.
