

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .314"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .314"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109932
- Mfr. No.: SAC-314NB
- Diameter (in): .314
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

Safety Instruction Guide for SAC NECK SIZING BUSHINGS

Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides essential safety information, usage instructions, and disposal guidelines to ensure safe and effective use of the product. Please read this guide carefully before using the bushings.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the neck sizing bushings by following all instructions provided in this guide. These bushings are designed for nonfood use and should be handled with care.
- **Enhanced Recalls:** In the unlikely event of a product recall, you will be notified through standardized recall notices. Please ensure you register your purchase with the manufacturer for timely updates.
- **Online Shopping:** If purchased online, ensure the retailer complies with safety requirements similar to those of physical stores.
- **Special Consumer Focus:** These bushings are not intended for use by children. Please keep them out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by your retailer or the manufacturer.
- **Rapid Alerts:** Stay informed about product safety by checking the EU's Safety Gate platform for updates on unsafe products.

Specific Safety Precautions for Use

- **Proper Handling:** Always handle the neck sizing bushings with care to avoid physical injury or damage to the product.
- **Avoid Contact with Eyes:** Do not allow the bushings to come into contact with your eyes. Use protective eyewear if necessary.
- **Inspect Before Use:** Always inspect the bushings for any signs of damage or wear before use. Do not use damaged bushings.
- **Follow Instructions:** Adhere strictly to the installation and usage instructions provided in this guide.
- **Use Appropriate Tools:** Ensure that you are using compatible neck sizing dies for optimal performance and safety.
- **Store Safely:** Store the bushings in a safe, dry place away from direct sunlight and moisture.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including compatible neck sizing dies and a suitable reloading press.
- Ensure your workspace is clean and organized to avoid accidents.

2. Installation:

- Insert the SAC neck sizing bushing into the neck sizing die according to the manufacturer's instructions.
- Ensure the bushing is securely in place before proceeding.

3. Usage:

- Place the cartridge brass into the reloading press.
- Operate the press according to the manufacturer's instructions, applying even pressure.
- Monitor the resizing process to ensure consistent results.
- After resizing, inspect the brass for proper fit and concentricity.

4. **PostUse Care:**

- Clean the bushings after use to maintain performance. Use a soft cloth to remove any debris.
- Store the bushings in their original packaging or a protective case to prevent damage.

Disposal Instructions

- **Responsible Disposal:** Dispose of any damaged or unusable bushings in accordance with local regulations. Do not throw them in regular household waste.
- **Recycling:** If applicable, check with local recycling programs for proper disposal options for stainless steel materials.

Contact Information for Further Support

For any questions or concerns regarding the SAC Neck Sizing Bushings, please refer to the contact information provided by your retailer or the manufacturer. Your safety and satisfaction are our top priorities.

By following these safety instructions, you can ensure a safe and effective reloading experience with your SAC Neck Sizing Bushings. Thank you for choosing Short Action Customs, LLC.
