

# SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .317"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

## Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .317"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109935
- Mfr. No.: SAC-317NB
- Diameter (in): .317
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

# Safety Instruction Guide for SAC Neck Sizing Bushings

## Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides important safety information and instructions to ensure the safe and effective use of your product. Please read this guide carefully before using the neck sizing bushings.

## General Safety Guidelines

- Product Safety:
  - Ensure the safe use of the SAC Neck Sizing Bushings by following all instructions provided in this guide.
  - Be aware of potential risks associated with the use of resizing bushings and take appropriate precautions.
- Enhanced Recalls:
  - Stay informed about any recall notices related to the SAC Neck Sizing Bushings. If a recall occurs, follow the instructions provided for returning or exchanging the product.
- Online Shopping:
  - When purchasing online, ensure you are buying from authorized retailers to guarantee product safety and authenticity.
- Special Consumer Focus:
  - Keep the product out of reach of children and vulnerable individuals to prevent accidental injury.
- EU Contact Point:
  - For any safety inquiries, refer to the manufacturer's contact information provided on the packaging or website.
- Rapid Alerts:
  - Monitor the EU's Safety Gate platform for updates on any unsafe products, including potential recalls related to the SAC Neck Sizing Bushings.

## Specific Safety Precautions for Use

- Always inspect the neck sizing bushings for any visible damage before use. Do not use damaged bushings.
- Ensure that the resizing die is securely mounted and properly calibrated before inserting the bushing.
- Use the neck sizing bushings only with compatible resizing dies to avoid malfunction or damage.
- Wear appropriate safety gear, such as safety glasses, when using the resizing equipment to protect against debris or accidental injury.
- Avoid direct contact with sharp edges of the bushings to prevent cuts or injuries.
- Do not exceed the recommended specifications for the resizing process to avoid potential hazards.

# Instructions for Installation and Usage

## 1. Preparation:

- Gather all necessary tools and equipment, including the resizing die and the SAC Neck Sizing Bushing.
- Ensure your workspace is clean and free from distractions.

## 2. Installation:

- Remove the resizing die from your reloading press.
- Insert the SAC Neck Sizing Bushing into the die, ensuring it is seated properly.
- Reattach the resizing die to the reloading press securely.

## 3. Usage:

- Adjust the die according to the manufacturer's instructions to set the desired neck sizing depth.
- Insert the brass case into the die and operate the press according to standard reloading procedures.
- After resizing, carefully remove the case and check for proper sizing.

## 4. PostUse:

- Clean the neck sizing bushings after each use to maintain performance and longevity.
- Store the bushings in a safe, dry place away from direct sunlight and moisture.

# Disposal Instructions

- Dispose of any damaged or unusable neck sizing bushings in accordance with local waste disposal regulations.
- Do not dispose of the product in regular household waste if it contains hazardous materials. Check with local authorities for proper disposal methods.

# Contact Information for Further Support

For any questions or concerns regarding the SAC Neck Sizing Bushings, please refer to the manufacturer's contact information provided on the packaging or website.

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your SAC Neck Sizing Bushings. Thank you for your attention to safety.
