

# **SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .318"**

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

## **Attributes**

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .318"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109936
- Mfr. No.: SAC-318NB
- Diameter (in): .318
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

# SAC Neck Sizing Bushings Safety Instructions

## Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. These bushings are designed to enhance your reloading experience by ensuring precise neck sizing for your cartridges. This safety instruction guide is created to help you use the product safely and effectively while complying with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read the instructions carefully before using the product.
- Ensure that the product is used for its intended purpose only.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the bushings for damage before use. Do not use damaged bushings.
- Report any unsafe product conditions or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use the bushings only with compatible neck sizing dies as indicated in the product specifications.
- Wear safety glasses to protect your eyes during installation and usage.
- Handle bushings with care to avoid injury from sharp edges.
- Ensure that your reloading equipment is in good working condition before use.
- Do not exceed the recommended load specifications for your cartridges.
- Avoid using excessive force when resizing necks to prevent damage to the bushing or the die.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials for neck sizing.
- Ensure your workspace is clean and free from distractions.

### 2. Installation of the Bushing:

- Remove the existing bushing from your neck sizing die, if applicable.
- Carefully insert the SAC neck sizing bushing into the die until it is securely seated.
- Ensure that the bushing is properly aligned and does not have any visible gaps.

### 3. Usage:

- Place the cartridge case into the die.
- Operate the reloading press according to the manufacturer's instructions, applying steady and even pressure.
- After resizing, inspect the cartridge case for proper neck sizing and any signs of damage.

### 4. PostUse Care:

- Clean the bushings after use to prevent residue buildup.
- Store the bushings in a safe and dry location to avoid damage.

## **Disposal Instructions**

- Dispose of any damaged or worn bushings according to local regulations.
- Recycle packaging materials where possible.
- Do not dispose of bushings in household waste if they are made of metal; check local recycling guidelines.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or product information, please reach out to your local distributor or the manufacturer directly.

By following these safety instructions, you can ensure a safe and effective experience with your SAC Neck Sizing Bushings. Thank you for your attention to safety and happy reloading!
