

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .319"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .319"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109937
- Mfr. No.: SAC-319NB
- Diameter (in): .319
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

Safety Instruction Guide for SAC NECK SIZING BUSHINGS

Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this document carefully before using the neck sizing bushings.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in the product description.
- Always inspect the bushings for any signs of damage before use. Do not use damaged bushings.
- Keep the bushings out of reach of children and vulnerable individuals.
- Use appropriate personal protective equipment (PPE) when handling the bushings, including safety glasses and gloves if necessary.
- Follow all manufacturer instructions and guidelines for use and maintenance.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always ensure that your resizing die is compatible with the SAC Neck Sizing Bushings.
- Avoid excessive force during resizing operations to prevent damage to the bushings or resizing die.
- Store the bushings in a dry, clean environment to prevent corrosion and maintain their functionality.
- Do not modify the bushings in any way, as this may compromise their safety and effectiveness.
- Be aware of potential hazards such as sharp edges on the bushings and handle them with care.

Instructions for Installation and Usage

1. Compatibility Check:

- Verify that your resizing die is compatible with the SAC Neck Sizing Bushings prior to installation.

2. Installation:

- Remove the resizing die from your reloading press.
- Carefully insert the SAC Neck Sizing Bushing into the die according to the manufacturer's instructions.
- Ensure that the bushing is seated properly and securely within the die.

3. Usage:

- Place the cartridge brass into the resizing die with the SAC Neck Sizing Bushing installed.
- Operate the resizing press according to the manufacturer's guidelines, applying steady and controlled pressure.
- Monitor the resizing process to ensure that the brass is resized evenly and without excessive force.

4. PostUse Care:

- After use, remove the bushing from the die and clean it to remove any debris or residue.
- Store the bushings in a designated storage area to prevent damage.

Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not dispose of bushings in regular household waste if they are considered hazardous materials.
- Recycle materials where possible according to local recycling guidelines.

Contact Information for Further Support

For any questions or concerns regarding the SAC Neck Sizing Bushings, please refer to the manufacturer's website or contact their customer support.

Thank you for choosing SAC Neck Sizing Bushings. Your safety and satisfaction are our top priorities.
