

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .320"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .320"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109938
- Mfr. No.: SAC-320NB
- Diameter (in): .320
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

SAC NECK SIZING BUSHINGS SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides essential safety information and instructions to ensure the safe and effective use of the product. Please read this guide carefully before using the bushings.

General Safety Guidelines

- Ensure safe use of the SAC Neck Sizing Bushings by following these guidelines:
 - Always use the bushings in accordance with the manufacturer's instructions.
 - Keep the bushings out of reach of children and vulnerable individuals.
 - Inspect the bushings before each use for any signs of damage or wear.
 - Do not use the bushings if they are damaged or if you notice any irregularities.
 - Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling the bushings.
 - Store the bushings in a dry, cool place to prevent corrosion and damage.

Specific Safety Precautions for Use

- When using the SAC Neck Sizing Bushings, please observe the following precautions:
 - Ensure that the resizing die is compatible with the bushings before use.
 - Do not exceed the recommended sizing limits as specified in the product specifications.
 - Use the bushings only for their intended purpose of neck sizing cartridge brass.
 - Avoid using excessive force during the resizing process to prevent damage to the bushings and the die.
 - Always follow the manufacturer's recommendations for die setup and operation.
 - Be aware of the potential for neck runout and adjust your technique accordingly to achieve the best results.

Instructions for Installation and Usage

- Follow these steps for proper installation and usage of the SAC Neck Sizing Bushings:

1. Preparation:

- Gather all necessary tools and materials, including the resizing die, bushings, and cartridge brass.
- Ensure your work area is clean and welllit.

2. Installation:

- Remove the resizing die from your reloading press.
- Select the appropriate SAC Neck Sizing Bushing for your cartridge size.
- Insert the bushing into the resizing die, ensuring a snug fit.
- Reattach the resizing die to the reloading press securely.

3. Usage:

- Place the cartridge brass into the resizing die.

- Apply even, steady pressure on the press handle to resize the brass.
- Inspect the resized brass for proper neck sizing and concentricity.
- Repeat the process as necessary for additional brass.

Disposal Instructions

- Proper disposal of the SAC Neck Sizing Bushings is important for safety and environmental reasons:
 - If the bushings are damaged beyond repair, dispose of them in accordance with local regulations for metal waste.
 - Do not throw the bushings in regular household waste.
 - Consider recycling the materials if possible.

Contact Information for Further Support

- For any safety inquiries or support regarding the SAC Neck Sizing Bushings, please refer to the contact information provided by the retailer or manufacturer where you purchased the product.

Conclusion

By following this safety instruction guide, you can ensure the safe and effective use of the SAC Neck Sizing Bushings. Always prioritize safety and adhere to the guidelines provided. Thank you for choosing Short Action Customs, LLC.
