

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .321"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .321"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)

Safety Instruction Guide for SAC Neck Sizing Bushings

Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides essential safety instructions to ensure the safe and effective use of your neck sizing bushings. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always inspect the neck sizing bushings before each use for any signs of damage or wear.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use only with compatible neck sizing dies as specified by the manufacturer.
- Avoid applying excessive force when resizing to prevent damage to the bushing or die.
- Wear safety glasses to protect your eyes from any debris when operating resizing equipment.
- Ensure that your work area is clean and free from distractions to maintain focus while using the bushings.
- Always follow the manufacturer's instructions for the specific resizing die you are using with the bushings.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the SAC Neck Sizing Bushings and compatible neck sizing die.
- Ensure your work area is welllit and organized.

2. Installation:

- Carefully remove the neck sizing bushing from its packaging.
- Insert the bushing into the neck sizing die, ensuring it is seated properly.
- Tighten the die according to the manufacturer's specifications to secure the bushing.

3. Usage:

- Place the cartridge brass into the resizing die with the neck facing down.
- Apply a steady, even pressure when operating the resizing equipment.
- Do not exceed the recommended pressure to avoid damaging the bushing or brass.

4. PostUse:

- After resizing, remove the cartridge brass from the die.
- Inspect the resized brass for any defects, including neck runout.
- Clean the bushings after use to remove any brass residue or debris.

Disposal Instructions

- Dispose of any damaged or worn neck sizing bushings in accordance with local regulations.
- Recycle packaging materials where possible to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the SAC Neck Sizing Bushings, please refer to the contact information provided by the manufacturer. It is important to have access to support for any issues that may arise during use.

Thank you for your attention to these safety instructions. Proper use and care of your SAC Neck Sizing Bushings will enhance your reloading experience and ensure your safety.
