

# **SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .326"**

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

## **Attributes**

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .326"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109940
- Mfr. No.: SAC-326NB
- Diameter (in): .326
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

# SAC NECK SIZING BUSHINGS SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. Our products are designed to enhance your reloading experience while ensuring safety and reliability. This guide provides essential safety instructions, usage guidelines, and disposal information to help you use the neck sizing bushings safely and effectively.

## General Safety Guidelines

- Always read the product instructions before use.
- Ensure that the neck sizing bushing is compatible with your resizing die.
- Check for any visible damage or defects before use.
- Store the bushings in a dry, safe place away from children and pets.
- Use the bushings only for their intended purpose as specified by the manufacturer.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):**
  - Wear safety glasses to protect your eyes from debris.
  - Use gloves to avoid direct contact with brass shavings and residues.
- **Work Area Safety:**
  - Ensure your work area is welllit and organized.
  - Keep the area free from clutter to prevent accidents.
  - Use a stable work surface to prevent tools and materials from slipping.
- **Handling and Operation:**
  - Handle the neck sizing bushings with care to avoid injury.
  - Do not force the bushing into the die; ensure proper alignment.
  - Avoid using excessive force when resizing brass to prevent damage to the bushing or die.
- **User Awareness:**
  - Ensure that all users are trained in the safe operation of reloading equipment.
  - Keep children and pets away from the work area.

## Instructions for Installation and Usage

### 1. Installation:

- Select the correct neck sizing bushing size for your cartridge.
- Remove the resizing die from your reloading press.
- Insert the neck sizing bushing into the die, ensuring it fits securely.
- Reattach the die to the reloading press according to the manufacturer's instructions.

### 2. Usage:

- Prepare your cartridge brass by cleaning and inspecting for damage.
- Insert the brass into the resizing die with the neck facing upwards.
- Slowly operate the reloading press handle to resize the brass.
- Check the neck runout using appropriate measuring tools to ensure proper sizing.
- Repeat the process as necessary for additional brass.

### **3. PostUsage Care:**

- Clean the neck sizing bushing after use to remove brass residue.
- Store the bushings in their designated storage case to prevent damage.

## **Disposal Instructions**

- Dispose of used or damaged neck sizing bushings in accordance with local regulations.
- Do not dispose of them in regular household waste.
- Consider recycling options for metal components where available.

## **Contact Information for Further Support**

For any questions or concerns regarding the SAC Neck Sizing Bushings, please refer to the manufacturer's contact information provided on the packaging or product documentation.

Thank you for your attention to these safety instructions. Your safety is our priority, and we hope you enjoy using our products.
