

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .330"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .330"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)

Safety Instruction Guide for SAC Neck Sizing Bushings

Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides essential safety instructions and information to ensure the safe use of this product. Please read this guide carefully before using the neck sizing bushings.

General Safety Guidelines

- **Product Safety:** Ensure safe handling and use of the SAC Neck Sizing Bushings. Follow all instructions to prevent accidents and ensure effective performance.
- **Enhanced Recalls:** Stay informed about any potential recalls. If notified, follow the instructions provided for returning or remedying the product.
- **Online Shopping:** If purchased online, verify that the platform complies with safety requirements similar to those of physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors to prevent accidents.
- **EU Contact Point:** For any safety inquiries, refer to the designated EU contact point provided by the manufacturer.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates on product safety and recalls.

Specific Safety Precautions for Use

- **Potential Hazards:**
 - Improper use may lead to neck runout issues in cartridge brass.
 - Always ensure that the bushings are compatible with your resizing dies.
- **Avoiding Hazards:**
 - Do not use damaged or worn bushings.
 - Ensure proper alignment when using the bushings to avoid misfires or damage to the cartridge.
 - Regularly inspect bushings for signs of wear or damage.
- **Audience Specific Warnings:**
 - This product is designed for adult users with knowledge of reloading and cartridge sizing. It is not suitable for children or inexperienced users.

Instructions for Installation and Usage

- **Installation:**
 1. Ensure the resizing die is clean and free from debris.
 2. Select the appropriate SAC Neck Sizing Bushing based on your die specifications.
 3. Insert the bushing into the resizing die, ensuring it is seated properly.
 4. Tighten the die according to the manufacturer's instructions to secure the bushing in place.
- **Usage:**
 1. Prepare your cartridge brass for resizing by cleaning and inspecting it.
 2. Insert the brass into the resizing die with the attached SAC Neck Sizing Bushing.
 3. Operate your reloading press according to the manufacturer's instructions, applying steady pressure.
 4. After resizing, remove the brass and inspect it for proper sizing and runout.
 5. Store unused bushings in a safe, dry place to prevent damage.

Disposal Instructions

- Dispose of any damaged or unusable neck sizing bushings in accordance with local waste management regulations.
- Do not dispose of bushings in regular household trash if they are hazardous or contain materials that require special handling.

Contact Information for Further Support

For additional support or inquiries regarding the SAC Neck Sizing Bushings, please refer to the manufacturer's contact information provided with your product packaging or visit their official website.

By following these guidelines, you can ensure the safe and effective use of your SAC Neck Sizing Bushings. Thank you for your attention to safety!
