

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .331"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .331"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109945

Safety Instruction Guide for SAC Neck Sizing Bushings

Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read and follow all guidelines carefully to maintain a safe working environment.

General Safety Guidelines

- Ensure that you are familiar with all components of the neck sizing bushing before use.
- Always inspect the bushing for any damage or defects prior to installation.
- Use the neck sizing bushings only for their intended purpose as described in this guide.
- Keep the bushings out of reach of children and pets.
- Report any unsafe conditions or incidents to the appropriate authorities immediately.
- Regularly check for updates on product recalls through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling the bushings.
- Avoid using excessive force during installation or removal to prevent damage to the bushing or resizing die.
- Ensure that the resizing die is securely mounted and stable before using the neck sizing bushing.
- Use the bushings in a wellventilated area to avoid inhalation of any dust or particles generated during the resizing process.
- Do not attempt to modify or alter the neck sizing bushings in any way.
- Store the bushings in a dry, safe place when not in use to prevent corrosion and damage.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and components, including the resizing die and neck sizing bushing.
- Ensure that your workspace is clean and organized.

2. Installation:

- Remove the resizing die from your reloading press.
- Insert the SAC neck sizing bushing into the resizing die, ensuring it is seated properly.
- Secure the resizing die back into the press, following the manufacturer's instructions.

3. Usage:

- Place the cartridge brass into the resizing die with the neck facing up.
- Operate the reloading press according to the manufacturer's guidelines, applying steady pressure to resize the neck of the brass.
- Check the neck runout after resizing to ensure proper alignment and concentricity.

4. PostUse:

- Remove the resized brass from the die carefully.

- Clean the neck sizing bushing after use to remove any debris or residue.
- Store the bushing and resizing die in a safe location.

Disposal Instructions

- Dispose of any damaged or worn neck sizing bushings in accordance with local regulations for metal waste.
- Do not dispose of the bushings in regular household trash. Check with local waste management for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or support regarding the SAC Neck Sizing Bushings, please refer to the manufacturer's contact information provided on the product packaging or documentation.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy using your SAC Neck Sizing Bushings responsibly!
